

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

LC 66

In the Matter of

PORTLAND GENERAL ELECTRIC
COPMANY,

2016 Integrated Resource Plan.

RULING

DISPOSITION: SCHEDULE ADOPTED WITH CHANGES

On November 13, 2017, Portland General Electric Company (PGE) filed a motion to adopt a procedural schedule to facilitate review of its revised renewable action plan, filed November 9, 2017, as an addendum to its 2016 Integrated Resource Plan. After consideration of the proposed schedule and review of Commissioner availability, the following procedural schedule is adopted:

EVENT	DATE
PGE Responses to Data Requests due	November 17, 2017
Staff and Parties' Comments due	December 1, 2017
PGE Reply Comments due	December 8, 2017
Special Public Meeting	December 13, 2017, 9:30 a.m.
Special Public Meeting	January 4, 2018, 9:30 a.m.

The Commission will begin deliberations of PGE's revised renewable action plan at the December 13, 2017 Special Public Meeting. The Commission will engage with Staff and parties on various issues during the meeting based on PGE's filing, Staff and parties' pre-filed comments, and PGE's reply comments. The Commission will hold a second Special Public Meeting on January 4, 2018, where it expects to conclude its deliberations.

Parties are reminded to file comments before the December 1 (Staff and parties) and December 8 (PGE) deadlines, to allow the Commissioners opportunity to review all comments in advance and prepare to ask questions of Staff and parties during deliberations at the December 13, 2017 Special Public Meeting. The Commissioners expect the second public meeting will be mainly for Commissioner deliberation, and while the Commissioners may have targeted follow-up questions, it is possible the second meeting will only involve Commissioner deliberation and decision.

Dated this 15th day of November, 2017, at Salem, Oregon.
