RE: UM 1802—Investigation of PacifiCorp’s Non-Standard Avoided Cost Pricing

In compliance with UTCR 3.170(1)(f), this serves as notice to the Public Utility Commission of Oregon that my practice status as an attorney has changed. I am now licensed to practice in Oregon in addition to Ohio.

On February 12, 2018, I was admitted on motion to appear as counsel *pro hac vice* on behalf of PacifiCorp, d/b/a Pacific Power, in the above-reference docket for a one-year period. Subsequently, on October 4, 2018, I became licensed as an active member in the Oregon State Bar Association, and continue to be a member in good standing. My Oregon State bar number is 183903.

I request that the record be updated as necessary to reflect this change. Should you have questions or need further documentation, please contact me.
