

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 1804

In the Matter of

NORTHWEST NATURAL GAS
COMPANY, dba NW NATURAL,

Application for Approval of Corporate
Reorganization to Create a Holding
Company.

RULING

DISPOSITION: MOTION GRANTED

By motion filed July 14, 2017, Northwest Natural Gas Company, dba NW Natural, requests that the filing date for NW Natural reply testimony and Staff and Intervenor Cross-Answering Testimony currently scheduled for July 17, 2017 be suspended. NW Natural states that the parties have reached a tentative final settlement of all issues. When their final review is completed and the parties can confirm a final settlement they will request a suspension of the remainder of the schedule. In the event that a final settlement is not reached, the parties will request a new testimony filing date.

NW Natural states that it has conferred with the other parties and that all parties support the proposed change.

For good cause shown, I grant NW Natural's motion and suspend the filing of testimony.

Dated this 17th day of July, 2017, at Salem, Oregon.
