1	BEFORE THE PUBLIC UTILITY COMMISSION	
2	OF THE STATE OF OREGON	
3		UM 1811
4	IN THE MATTER OF PORTLAND)
5	GENERAL ELECTRIC'S)
6	APPLICATION FOR) SIEMENS'S OPENING BRIEF
7	TRANSPORTATION)
8	ELECTRIFICATION PROGRAMS)
9		
10	eMeter, a Siemens Company ("Siemens"), hereby submits its opening brief in the above-	
11	captioned proceeding. While not a formal signatory to the Stipulation, Siemens fully supports all	
12	elements of the Stipulation and, if given the opportunity, would become a signatory to it.	
13	Siemens believes adoption of the Stipulation by the Commission would promote the goals	
14	set out by the legislature for transportation electrification by appropriately testing three approaches	
15	to accelerate the market, delivering the data needed by the State and stakeholders to design larger-	
16	scale programs in the future, and understanding how to provide end-to-end integration of electric	
17	vehicles into the grid so as to capture the full stack of benefits available to consumers, utilities, and	
18	society.	
19	For these reasons, we respectfully urge the Commission to adopt the Stipulation.	
20		Respectfully submitted this 31st of October, 2017,
