(3) The Commission may require a low-income customer to submit documentation demonstrating that he or she qualifies under the program or income based eligibility requirements.

(a) Acceptable documentation of program eligibility includes the current or prior year's statement of benefits from a public assistance program, a notice or letter of participation in a public assistance program, program participation documents, or another official document demonstrating that the customer, one or more of the customer's dependents or the customer's household receives benefits from a qualifying assistance program.

If the customer presents documentation of income that does not cover a full year, such as current pay stubs, the customer must present the same type of documentation covering three consecutive months within the previous twelve months.

(4) The customer may be required to furnish his or her social security number and the social security number of the member of the customer's household upon whom eligibility is based before OTAP and Lifeline eligibility can be determined or verified. Failure to do so may result in denial of benefits.

(5) The customer must sign a written authorization on a Commission-approved form permitting the Commission to release necessary information to an Eligible Telecommunications Provider and, as necessary, to the following: Federal Communications Commission, Universal Service Administrative Company, Department of Human Services, and the applicant's personal representative or legal guardian.

(6) An applicant or customer may not use a post office box as his or her residential address. The Commission may accept a P.O. Box or General Delivery address as a billing address, but not a residential address.

(d) At the hearing, the customer must provide to the Commission documentation demonstrating that he or she qualifies under the program or income based eligibility requirements listed in section (2) or (3) of this rule.

(11) If the Commission identifies that a customer or household is receiving duplicate support from more than one Eligible Telecommunications Provider, the Commission will attempt to contact the customer to determine the customer's preferred provider and thereafter, based on the available information, select which Eligible Telecommunications Provider must de-enroll the customer.

(12) If a customer does not use the OTAP or Lifeline supported service that the Eligible Telecommunications Provider offers at no charge **per the usage requirements defined in 47 C.F.R. § 54 Subpart E (2016)** for **3060** consecutive days, the Eligible Telecommunications Provider must provide the customer **1530** days' notice, using plain language, that the customer's failure to use the OTAP or Lifeline supported service within the **1530**-day notice period will result in de-enrollment from OTAP or the Lifeline program. If the customer uses the OTAP or the Lifeline supported service within the **1530**-day notice period, the Eligible

Telecommunications Provider may not terminate the customer's OTAP or Lifeline supported service.

(13) When the customer switches to a different Eligible Telecommunications Provider, the customer must submit to the Commission an application for OTAP or the Lifeline program on a Commission-approved form.
