**RE: UI 382 – Withdrawal of Application Requesting Approval of an Affiliate Interest Transaction with Marmon Utility, LLC**

On March 28, 2017, PacifiCorp d/b/a Pacific Power (Company) filed an Application Requesting Approval of an Affiliate Interest Transaction with Marmon Utility, LLC (Marmon). The application was related to a master materials supply contract between PacifiCorp and Marmon for aerial cable system design, supply, and installation services. The intent of the master contract is to establish master terms and conditions that will apply when PacifiCorp procures materials and services for system reliability projects from Marmon from time to time.

Based on discussions with Public Utility Commission of Oregon Staff, PacifiCorp withdraws this application. The Company's withdrawal of the application means that the master contract and its terms and future transactions have not been approved; rather, the Company will make filings under ORS 757.495 related to the specific system reliability projects with Marmon once they have been identified and pricing is available for review.

Please direct inquiries with respect to this filing to Natasha Siores at (503) 813-6583.

Sincerely,

Etta Lockey  
Vice President, Regulation
