I. INTRODUCTION

1 My name is Bob Jenks. My qualifications were provided as CUB Exhibit 101.

2 In this testimony, the Oregon Citizens' Utility Board ("CUB") responds to
3 PacifiCorp's ("the Company") claims that it has under recovered PURPA Qualifying
4 Facility ("QF") contract costs, and presents evidence showing that the Company has
5 historically over recovered QF costs, is continuing to over recover QF costs, and will
6 likely continue until an adjustment is made to account for the fact that the Company is
7 unable to accurately forecast the Commercial Operation Date ("COD") of QFs.

8 In addition, CUB identifies where the Company misrepresented CUB's position
9 on the DART mechanism and corrects the record accordingly.

10 Finally, we note that the Company accepted two of CUB's recommendations in
11 its Reply Testimony. First, the Company accepted CUB's disallowance of costs
12 associated with the SCRs installed at Bridger Units 3 and 4 – those SCRs were not
