Re: UM 1827 PGE's Reauthorization Application for Deferred Accounting of Costs Associated with the PGE Demand Response Water Heater Pilot

Enclosed for filing is Portland General Electric Company's Reauthorization Application for Deferred Accounting of Costs Associated with the PGE Demand Response Water Heater Pilot.

A Notice regarding the filing of this application has been provided to the parties on the UE 335 and UM 1827 service lists.

Parties who wish to receive a copy of this Application should review the Public Utility Commission of Oregon (OPUC) website.

Should you have any questions or comments regarding this filing, please call me at (503) 464-7805 or Alex Tooman at (503) 464-7623. Please direct all formal correspondence and requests to pge.opuc.filings@pgn.com.

Sincerely,

A handwritten signature in blue ink that reads "Alex Tooman for". The signature is written in a cursive, flowing style.

BEFORE THE PUBLIC UTILITY COMMISSION

OF OREGON

UM 1827

**In the Matter of the Application of Portland
General Electric Company for an Order
Approving the Deferred Accounting of Costs
Associated with the PGE Demand Response
Water Heater Pilot**

**Application for Reauthorization of
Deferral of Costs Associated with
the PGE Demand Response Water
Heater Pilot**

Pursuant to ORS 757.259 and OAR 860-027-0300, Commission Order Nos. 17-224 and 18-225, Portland General Electric Company (PGE) hereby requests reauthorization to defer for later ratemaking treatment costs associated with the Demand Response Water Heater Pilot. PGE requests this reauthorization be effective April 18, 2019 through April 17, 2020. The reauthorization will continue to support the use of an automatic adjustment clause rate schedule, which will provide for changes in prices reflecting incremental costs associated with the pilot.

I. Deferral History

On April 18, 2017, the Commission approved the original deferral application for PGE's Demand Response Water Heater Pilot. The purpose of this pilot is to retrofit existing water heaters in multifamily residences (MFRs) with demand response (DR) -enabled technology to help inform an effective design for a water heater DR program, quantify energy consumption that can be shifted to different times, determine appropriate incentive levels for customers, integrate and test different technologies, and implement different DR dispatch strategies. This continues to be an important pilot as it provides system benefits by reducing peak demand.

In 2018, a vendor for implementation and a Demand Response Management System (DRMS) vendor was selected. Since May 2018, PGE has been successfully testing integration between the water heater retrofit switch and the DRMS to control water heaters with the switch.

Despite initial delays, the pilot is on track and approximately 2,500 water heater retrofit switches have been deployed in 14 distinct properties since the end of March 2019. In addition to these 2,500 switches, PGE has five contracted properties with approximately 700 switches scheduled to be installed by the end of May 2019. PGE is currently working with over 15 additional properties and approximately 5,300 water heaters are expected to be online by the end of 2019. PGE has also identified a method of communications that will be used for the switches with deployment starting in July and beyond that will result in lower hardware costs, lower monthly end-point charges at each property for connection to the DRMS, and lower monthly data costs.

Finally, the deferred amounts will be recovered in a manner approved by the Commission and consistent with the terms of Schedule 4 and Schedule 135.

II. OAR 860-027-0300 Requirements

The following is required pursuant to OAR 860-027-0300(3):

a. Description of Utility Expense for Which Deferred Accounting is Requested.

See Deferral History above.

b. Reasons for Deferral

PGE seeks reauthorization to defer the expenses associated with its Demand Response Water Heater Pilot. Without reauthorization, this deferral will expire on April 18, 2019. The continuation of the deferral will minimize the frequency of rate changes and match appropriately the costs borne by and benefits received by customers. The reauthorization will continue to support the use of an automatic adjustment clause rate schedule, which will provide for changes in prices reflecting incremental costs associated with the pilot.

c. Proposed Accounting for Recording Amounts Deferred.

PGE proposes to record the deferred amount as a regulatory asset in FERC account 182.3, Other Regulatory Assets, with a credit to FERC account 456, Other Revenue. In the absence of a deferred accounting order from the Commission, PGE would not proceed with the pilot at this time.

d. Estimate of Amounts to be Recorded for the Next 12 Months.

PGE estimates the incremental costs of the Demand Response Water Heater Pilot to be approximately \$3.5 million as listed in the following table.

**Table 1
Pilot Cost by Year**

Year	2017 (4 mo.) Actual	2018 Actual	2019 Forecast	2020 Forecast	Total
Pilot Cost	93,970	1,592,378	3,494,260	3,555,770	8,536,378

e. Notice

A copy of the notice of application for reauthorization of deferred accounting treatment and a list of persons served with the notice are provided as attachment A. In compliance with the provisions of 860-027-0300(6), PGE is serving the Notice of Application on the UE 335 Service List, PGE’s 2019 general rate case.

III. Summary of Filing Conditions

a. Earnings Review

An earnings review will not be performed with this deferral because of the automatic adjustment clause and recovery of costs through Schedule 135.

b. Prudence Review

PGE will submit a pilot evaluation report that will provide detailed cost summaries, estimated kilowatt shifting and the results of customer surveys. A prudence review can be performed during the pilot’s operations.

c. Sharing

All prudently incurred costs are to be recoverable by PGE with no sharing mechanism.

d. Rate Spread/Rate Design

The deferred costs for this pilot will be recovered through Schedule 135, Demand Response Recovery Mechanism in a manner consistent with Special Condition 1 described in Schedule 135.¹

e. Three Percent Test (ORS 757.259(6))

The amortization of the pilot's deferred costs will be subject to the three percent test in accordance with ORS 757.259(7) and (8), which limits aggregated deferral amortizations during a 12-month period to no more than three percent of the utility's gross revenues for the preceding year.

IV. PGE Contacts

The authorized addresses to receive notices and communications in respect to this Application are:

Douglas C. Tingey
Associate General Counsel
Portland General Electric
1 WTC1301
121 SW Salmon Street
Portland, OR 97204
Phone: 503.464.8926
E-mail: doug.tingey@pgn.com

PGE-OPUC Filings
Rates & Regulatory Affairs
Portland General Electric
1 WTC 0306
121 SW Salmon Street
Portland, OR 97204
Phone: 503.464.7805
E-mail: pge.opuc.filings@pgn.com

¹ Costs recovered through this schedule will be allocated to each schedule using the applicable schedule's forecasted energy based on an equal percent of generation revenue applied on a cent per kWh basis to each applicable rate schedule (Schedule 135).

In addition to the names and addresses above, the following are to receive notices and communications via the e-mail service list:

Stefan Brown, Manager, Regulatory Affairs
E-mail: Stefan.Brown@pgn.com

VI. Conclusion

For the reasons stated above, PGE requests permission to continue to defer costs associated with the PGE Demand Response Water Heater Pilot, effective April 18, 2019.

DATED this 17th day of April, 2019.

Respectfully Submitted,

Stefan Brown
Manager, Regulatory Affairs
Portland General Electric Company
121 SW Salmon Street, 1WTC0306

Attachment A

Notice of Application for Reauthorization of Deferral of Costs Associated with the PGE Demand Response Water Heater Pilot

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 1827

**In the Matter of the Application of
Portland General Electric Company for
an Order Approving the Deferral of
Costs Associated with the PGE Demand
Response Water Heater Pilot**

**Notice of Application for
Reauthorization of Deferral of
Costs Associated with the PGE
Demand Response Water Heater
Pilot**

On April 17, 2019, Portland General Electric Company (“PGE”) filed an Application for Reauthorization of Deferral of Costs Associated with PGE’s Demand Response Water Heater Pilot with the Public Utility Commission of Oregon (the “Commission”).

Approval of the deferred accounting treatment will support the use of an automatic adjustment clause rate schedule, which will provide for changes in rates reflecting incremental costs associated with the pilot.

Persons who wish to obtain a copy of PGE’s application will be able to access it on the Commission website.

Any person who wishes to submit written comments to the Commission on PGE’s application must do so no later than May 18, 2019.

Dated: April 17th, 2019.
