RE: Docket No. ADV 645, Advice No. 17-09

On October 27, 2017, Idaho Power filed revised sheets for inclusion in its tariff, PUC OR No. E-27. Replacement sheets were also filed on October 27.

This filing, Heating and Cooling Efficiency Program, & New Cost-Effectiveness Exceptions, makes two changes to Schedule 72, HCE Program. The proposed modifications seek to add an incentive for one new energy savings measure and to reduce the contractor incentive available on another. The Company also seeks approval of a new Cost-Effectiveness Exception pursuant to Order No. 94-590, issued in Docket No. UM 551 (See docket UM 1710).

In accordance with a decision of the Commission in the Public Meeting of December 18, 2017, the following sheets will become effective with service rendered on and after January 1, 2018.

One receipted copy of each sheet is returned for your files.
