RE: Squaw Creek Canyon Development Purchase

This letter is intended as notice that Avion Water and Squaw Creek Canyon Development intend to enter into a purchase agreement immediately following the 60 day notice period. The 60 day notice was sent out on October 18<sup>th</sup>, 2017 (see attached). The purchase price and other details are currently being discussed but should be resolved shortly. The assets will be taken in as CIAC. The current plant value is \$198,564. Taking the plant as CIAC will provide a benefit to Avion customers because the amount of plant invested per customer will go down slightly. The benefit to Squaw Creek customers is that their rates will decrease. The plant is in excellent condition and we do not anticipate any extraordinary costs associated with this purchase.

Thank you for your time and consideration,
