RE: UM 1917—PacifiCorp's Supplement

In response to Public Utility Commission of Oregon staff's March 23, 2018 email requesting each utility to supplement its federal income tax deferral filing, PacifiCorp d/b/a Pacific Power provides the following:

- PacifiCorp's 2018 proxy year will be based on its 2017 Results of Operations with Type 3 adjustments. The company's 2017 Results of Operations will not be available until the end of April, thus, an estimated deferral amount using a 2018 proxy year is not available at this time. However, using data that is available today, PacifiCorp estimates the annual Oregon deferral will be approximately \$42–\$48 million.
- PacifiCorp will provide an update to the estimate of the annual deferral when it is available, either as an additional supplement in this docket, or in a separate filing requesting amortization of the deferral, pending the approval of the company's deferral application.

The above information is provided as a supplement to PacifiCorp's deferral application filed on December 28, 2017, in the above-referenced docket.

Please direct any questions regarding this filing to me at (503) 813-6583.

Sincerely,

Natasha Siores
