

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

AR 614

In the Matter of Rulemaking Related to a  
New Load Direct Access Program.

RULING

**DISPOSITION: DEADLINE FOR PUBLIC COMMENT EXTENDED**

The Notice of Proposed Rulemaking Hearing in this proceeding established a public comment deadline of July 6, 2018 at 5:00 p.m. The comment period is now extended to August 1, 2018, to allow for more discussion on issues implicated by this rulemaking between Staff and Stakeholders, and so that Commissioners may retain the opportunity to engage in preliminary deliberations on important policy questions and solicit comment on those questions before considering rules. The Commission will reserve time on the July 17, 2018 regular public meeting agenda for potential consideration of policy questions. I request that Staff provide a report of any further discussion or engagement with stakeholders and any progress on collaboration prior no later than July 13, 2018. The Commission may solicit comment from stakeholders on policy questions or revised proposed rules after the regular public meeting scheduled for July 17, 2018.

The deadline for submission of public comments is extended to 5:00 p.m. on August 1, 2018.

Dated this 3<sup>rd</sup> day of July, 2018, at Salem, Oregon.
