RE: UI 399 – Withdrawal of Application Requesting Approval of an Affiliated Interest Agreement with Lesli Ann Bekins

Dear Commissioners:

On March 30, 2018, the Government Camp Water Company (“GCWC”) filed an application requesting approval of an affiliated interest agreement with Lesli Ann Bekins. Under the agreement, storage area and a barn would be provided to GCWC pursuant to a lease with Ms. Bekins. The filing was made pursuant to ORS 757.495 and OAR 860-036-2210.

In a teleconference on May 14, 2018 Staff communicated concern about the application and information provided therein. Staff and counsel for GCWC also discussed other affiliated interest applications to be filed by GCWC and the amount of time needed to review said applications in relation to GCWC’s pending rate case in Docket UW 174. Accordingly, GCWC hereby withdraws this application. GCWC will file a new application 1) responsive to Staff’s concerns, and 2) simultaneously with other affiliated interest applications and an application to transfer assets of the utility.

Very truly yours,
GOVERNMENT CAMP WATER COMPANY
