To UM 2000, UM 2001 and PURPA lists:

At the April 5, 2019 workshop on UM 2000 many parties expressed the desire for more time in the docket schedule, given the nature of the questions and the topics being addressed. Stakeholders gave many reasons for this request. They included the opportunity to better respond to the questions posted on March 15; to comment on other stakeholder's responses; and, to be more involved in the process of developing a scoping white paper for the UM 2000 docket. With this in mind Staff has made some adjustments to the current schedule.

The revised schedule below creates more opportunities for stakeholder involvement, including filing additional responses to the questions Staff posted on March 15. We will also look for comments on Staff's proposed draft white paper prior to the Commission workshop.

Activity	Revised Date	Original Date
Additional Stakeholder Comments related to Staff Questions posted 3/15, and initial workshop held 4/5	4/26/2019	
Staff draft white paper related to docket scope posted	5/21/2019	5/2/2019
Stakeholder comments on draft white paper	6/7/2019	
Commission workshop	6/11/2019	5/7/2019
Stakeholder comments on workshop	6/25/2019	5/17/2019
Regular Public Meeting to present Staff Memo and scoping white paper for Commission approval in UM 2000 docket	7/16/2019	6/18/2019

Thank you for your interest and participation. We look forward to the comments on April 26. If you have questions or comments, please feel free to contact me (phone and email information below).
