## UM 2111 Interconnection Modernization

### Workshops – Screens, Study Methods, and Modern Configurations and Incorporating Updated Standards

This letter announces the date and time of two workshops to examine UM 2111 Phase 1 issues. The two workshops reflect the two workstreams determined necessary for Phase 1 of the investigation, and will discuss:

- Screening and modern configuration
- Incorporating updated standards

The current intent is to have meetings roughly monthly in both workstreams; this will be dependent on scheduling availability. Detailed agendas will be provided at a later date.

#### Workshop: Screens, Study Methods, and Modern Configurations

- **Purpose:** This is the initial meeting of the group examining two issues in Phase 1 of the UM 2111 investigation. These issues are:
  1. Modernizing the screening and interconnection study practices;
  2. Incorporating advanced inverters, storage, islanding, and other modern configuration;
