Dial-in: 1-971-247-1195
Meeting ID: 818 8237 3202
Passcode: 4446506583

This workshop is the kick-off meeting for Phase 1 of the UM 2111 Investigation into Interconnection Process and Policies. This meeting will help identify subgroups and roles for participants. In addition to roles, approaches, roadmaps, will be developed for moving the issues forward to resolution. The current agenda is:

Schedule	Item
9:00	Welcome
9:15	Presentations • *OPUC Staff – Hosting Capacity Analysis update* • *IREC – Overview of model rules and processes available (will inform breakout discussions)*
10:00	Breakout Sessions
11:00	Break
11:15	Report Out - Next Steps
12:00	Adjourn

Following some initial discussion, and presentations, there will be breakout sessions for discussion of the topics as approved by the Oregon Public Utility Commission (Commission) om Order No. 22-126. The topics include:

1. Modernizing the screening and interconnection study practices;
2. Incorporating advanced inverters, storage, islanding, and other modern configuration;
3. Incorporating IEEE 1547-2018 standards; and
4. Access to transparent data about utility standards, costs, and study assumptions.

Oregon Public Utility Staff (Staff) will be gauging the interest level of a stakeholder-led process for the fourth topic in the list, referencing transparent data. Due to staffing limitations, the transparent data topic may be delayed for a future phase of the investigation without a stakeholder-led process.

Questions
