To Interested Parties:

On January 14, 2023, PacifiCorp filed its final 2022 All Source Request for Proposal (2022AS RFP) in this docket.¹ Section 3.a. provided a proposed schedule with some milestones but noted that the schedule is subject to change due to various reasons. PacifiCorp has prepared an updated schedule that includes additional milestones. The updated proposed schedule for August 2023 through November 2023 is as follows:

Oregon IE files status report on sensitivity analysis	8/9/2023
PacifiCorp file the final short list (FSL), sensitivities, additional data, and all workpapers in docket UM 2193 at least two weeks in advance of the IE Closing Report on the FSL	8/9/2023
Oregon IE Files Closing Report on the FSL	8/23/23
PacifiCorp files the FSL with the Commission requesting acknowledgement	8/24/23
Comments on the FSL	9/14/23
PacifiCorp reply comments	9/28/23
Staff Report	10/19/23
Comments on Staff Report	10/26/23
OPUC Special Public Meeting to acknowledge FSL	11/2/23 and 11/7/23
Bid Validity Date	11/21/23

The Company has conferred with staff and the independent evaluator on these milestones. Additionally, on June 27, 2023, the Company emailed the service list for docket UM 2193 to notify them of the updated proposed dates and whether they object to the updated schedule. As of the date of this filing, no party has objected to the updated schedule.

¹ The Public Utility Commission of Oregon approved PacifiCorp’s final 2022AS RFP subject to modifications and conditions at a special public meeting on April 14, 2022.
