Procedural/Schedule Change UM 2207, UM 2208, and UM 2209

The previously adopted schedule for these three dockets included the Independent Evaluator, Bureau Veritas, filing a final IE report on March 29. Staff did not request the IE explore any other issues in its evaluation, therefore, the draft report filed on February 25 is to be considered the final report.

Staff is considering the IE's report and all stakeholder comments in the evaluation of the utility's wildfire mitigation plans.
