Re: UE 399—Settlement Status Report

Under section 18 of the Fourth Partial Stipulation approved by the Commission in Order No. 23-047, Staff, PacifiCorp, the Oregon Citizens' Utility Board, the Northwest & Intermountain Power Producers Coalition, Walmart, Inc, and Vitesse, LLC (the Stipulating Parties) agreed that PacifiCorp would hold a workshop before December 31, 2023, to discuss issues encountered during the implementation of the Accelerated Commitment Tariff (ACT) and potential modifications to help refine the program. The ACT has not been implemented due to the ongoing review process to ensure compliance with federal securities law. Once the ACT has been implemented, PacifiCorp will work to reschedule this workshop with the Stipulating Parties. PacifiCorp conferred with the Stipulating Parties about this letter, and no Stipulating Party objected to this approach.

Please direct any informal correspondence and questions regarding this filing to Cathie Allen, Regulatory Affairs Manager, at (503) 813-5934.

Sincerely,

Matthew McVee
Vice President, Regulatory Policy and Operations
