

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 2305

GREEN SOLAR LLC,

Complainant,

vs.

PACIFICORP, dba PACIFIC POWER

Defendant.

RULING

DISPOSITION: SCHEDULE SUSPENDED AND PREHEARING CONFERENCE
SCHEDULED

On April 12, 2024, Green Solar, LLC, filed a complaint against PacifiCorp, dba Pacific Power, under OAR 860-082-0085 regarding enforcement of an interconnection agreement. In its complaint, Green Solar requested that the Commission direct PacifiCorp to complete interconnection by May 14, 2024. On May 2, 2024, the Commission conducted a conference pursuant to OAR 860-082-0085(10) to discuss the complaint, answer, and the need for further process to address the issues raised in the complaint ahead of a ruling from the Administrative Law Judge regarding the need for further process on all or some of the issues. The schedule also established a tentative date for a potential Commission order of May 13, 2024, depending on how the docket proceeded.

PacifiCorp maintains that it is actively working to interconnect Green Solar and that it is currently finishing up testing and completion of the Commissioning Document Review. In its update filed on May 9, 2024, PacifiCorp states that it currently estimates completing the Commissioning Document Review by May 13, 2024, at which point it will have completed its final milestone under the interconnection agreement and all that will remain is for Green Solar to request “Initial Synchronization and Generation Testing.”

I find that there is good cause to briefly suspend the schedule in these proceedings while PacifiCorp works to finalize interconnection by Green Solar’s requested interconnection date. PacifiCorp shall file an update with the Commission upon completing the Commissioning Document Review. In addition to a brief suspension of the schedule, the Commission will hold a prehearing conference on May 15, 2024, at 2:30 p.m. to discuss the status of interconnection. If PacifiCorp has not yet completed its milestones by the time of

the prehearing conference, PacifiCorp should be prepared to explain why and provide an update on what remains to be completed.

Dated this day 10th of May, 2024, at Salem, Oregon.
