MISCELLANEOUS SERVICE ARRANGEMENTS

FOREIGN EXCHANGE SERVICE

A. GENERAL

1. Foreign exchange service is exchange service furnished to a subscriber from a central office of an exchange other than the one that normally serves the area in which the subscriber is located.
2. For the purpose of this tariff the term, "Serving Exchange", shall mean the exchange from which foreign exchange service is furnished. The term, "Local Exchange", shall mean the exchange normally serving the area in which the subscriber's premises is located. The term, "Interexchange Channel", designates that portion of the foreign exchange service circuit which is provided between the toll rate centers of the serving and local exchanges.
3. Foreign exchange service does not come within the Telephone Company's general undertaking, nor does the Telephone Company obligate itself to furnish such service generally; but, will do so, at its option, where facilities of such a character are available as will permit satisfactory telephone transmission, and where the service is warranted by the circumstances involved.
4. Foreign exchange service may be provided only in connection with private branch exchange trunk lines, and individual line business or residence service. The service will be furnished only at one location or premises for each channel or circuit.
5. Where the normal exchange is operated by this Telephone Company, foreign exchange service is furnished only on the condition that the applicant is a subscriber to individual line business or residence service, or private branch exchange service, in the normal exchange, and at the same location where such service is proposed to be installed.
6. Where the foreign exchange is operated by, or where all or a portion of the interexchange channel is furnished by, another telephone company, foreign exchange service will be provided only when satisfactory arrangements can be negotiated with such company to furnish its portion of the necessary facilities.
