RE: PacifiCorp's Schedule 272 Annual Report

PacifiCorp d/b/a Pacific Power provides this annual reporting for in accordance with Public Utility Commission of Oregon (Commission) staff's memorandum that recommended approval of Advice No. 16-012 and the provisions in Schedule 272 Renewable Energy Rider Bulk Purchase Option.

Special Condition 9 of PacifiCorp's Oregon Schedule 272 states the company will file "an annual report with the Commission no later than January 31st providing information regarding total participation on Schedule 272 and copies of individually negotiated arrangements from the prior calendar year."

Staff's memorandum recommending approval of Advice No. 16-012 for the February 7, 2017 public meeting included the recommendation that "PacifiCorp inform the Commission regarding the level of participation in this program within 12 months of the acceptance of the revised tariff or when customer participation reaches 100 aMW, whichever comes first." The revised tariff sheets for Schedule 272 were accepted on February 16, 2017, and became effective on February 8, 2017.

PacifiCorp reports the following for 2017:

- As of December 31, 2017, Pacific Power had 130 agreements purchasing Blue Sky blocks under schedule 272 in Oregon.
- During 2017 Pacific Power had no new individually negotiated agreements under Schedule 272.

Please contact me with any questions on this filing at (503) 813-6583.

Sincerely,

Natasha Siores
Manager, Regulatory Affairs
