Dear Mr. Patrovsky,

We have received your request that, under Section 252(i) of the Telecommunications Act of 1996, ComSpan Communications, Inc. ("CLEC") wishes to adopt in its entirety, the terms of the Wireline Interconnection Agreement and any associated amendments, if applicable, (the "Underlying Agreement") between Rio Communications, Inc. (Agreement # CS-070810-0001) and Qwest Corporation ("Qwest"), that was approved by the Commission on November 14, 2007, as an effective agreement in the State of Oregon. CLEC is incorporated in the State of Oregon. We understand you have a complete copy of the Underlying Agreement.

By their respective signatures below, Qwest and CLEC ("the Parties") intend that this letter serves as their agreement ("Letter Agreement") for CLEC to adopt the Underlying Agreement under the following terms and conditions:

1. The Parties shall request the Commission to expedite its review and approval of this Letter Agreement. This Letter Agreement shall become effective upon such approval. If for some reason the Commission rejects all or part of the Letter Agreement either party may at its option declare the remainder of the Agreement void and be excused from any performance thereunder. In the event that the Parties currently have an existing Interconnection Agreement, once this Letter Agreement is approved by the Commission, this Letter Agreement shall replace the existing Interconnection Agreement its entirety for the state of Oregon. However, nothing relieves the CLEC from fulfilling all obligations incurred under the prior Agreement. This Letter Agreement is not intended to address or affect the existing Commercial Agreements for High Speed Internet Service (HSIS) Agreement or Internetwork Calling Name (ICNAM) Service Agreement, which shall remain in effect.

2. Notwithstanding the mutual commitments set forth herein, Qwest is entering into this Letter Agreement without prejudice to any positions it has taken previously, or may take in the future, in any legislative, regulatory, or other public forum addressing any matters, including those relating to the types of arrangements contained in the Underlying Agreement. During the proceeding in which the Commission is to review and approve the Letter Agreement, Qwest may point out that it has objected, and continues to object, to the inclusion of the terms and conditions to which it objected in the proceedings involving the approval of the Underlying Agreement.

3. CLEC adopts the terms and conditions of the Underlying Agreement for interconnection with Qwest Corporation and in applying the terms and conditions, agrees that ComSpan Communications, Inc. be substituted in place of "Rio Communications, Inc." throughout the Underlying Agreement wherever the latter appears.

4. Qwest requests that notice to Qwest Corporation as may be required under the Underlying Agreement shall be provided as follows:
