Enclosure

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UI _____

In the Matter of the Application of
PACIFICORP d/b/a Pacific Power,
Requesting Approval of an Affiliate Interest
Transactions with Amarillo Gear Company
LLC

APPLICATION OF PACIFICORP

In accordance with ORS 757.495(1) and OAR 860-027-0040, PacifiCorp d/b/a Pacific Power (PacifiCorp or Company) requests approval from the Public Utility Commission of Oregon (Commission) of ordinary course affiliated interest transactions between PacifiCorp and Amarillo Gear Company LLC (Amarillo).

In one transaction, the Company purchased Amarillo reduction gear boxes and drive shaft assemblies, among other non-Amarillo equipment, through Midwest Cooling Towers, Inc. (Midwest). The parties to the transaction agreed to use PacifiCorp's standard Materials Supply Contract for this transaction. Included with this filing as Confidential Attachment A is a copy of the Materials Supply Contract between PacifiCorp and Midwest for the supply of cooling tower mechanical equipment (Midwest Contract). Attachment A is provided as confidential in accordance with OAR 860-001-0070. The Midwest Contract contains sensitive pricing information which, if disclosed to the public, could erode the Company's bargaining power in the future.

The Company also purchased Amarillo oil filtration carts and filters for use at its Lake Side facility. The parties agreed to use PacifiCorp's standard purchase order form for this transaction. Included with this filing as Attachment B is a copy of the Purchase Order

between PacifiCorp and Marmon Water Inc. d/b/a Amarillo Gear Company LLC for the supply of the oil filtration carts and filters (Amarillo Purchase Order).

Amarillo is an affiliated interest of PacifiCorp, through The Marmon Group (Marmon Group). The Company respectfully requests that the Commission approve the purchase of the cooling tower mechanical equipment from Midwest and the purchase of the oil filtration carts and filters from Amarillo as affiliated interest transactions.

I. BACKGROUND

PacifiCorp is a wholly-owned indirect subsidiary of Berkshire Hathaway Energy Company (BHE). BHE is a subsidiary of Berkshire Hathaway, Inc. (Berkshire). Berkshire currently holds a majority interest in The Marmon Group. The Marmon Group consists of approximately 185 companies, divided into fifteen business sectors. Amarillo is a member of the Marmon Group. “Affiliated interest,” as defined in ORS 757.015(3), includes every corporation five percent or more of whose voting securities are owned by any corporation or person owning five percent of the voting securities of a public utility or in any successive chain of ownership of a public utility. Therefore, BHE’s ownership interest in PacifiCorp and the Marmon Group creates an affiliate interest relationship between PacifiCorp and Amarillo.

PacifiCorp, BHE, and Berkshire Hathaway *do not* hold an ownership interest in Midwest. ORS 757.495, however, requires approval of contracts under which indirect payments will be made to affiliate interests. PacifiCorp is purchasing Amarillo equipment through Midwest, which qualifies as an indirect payment. The affiliate contract filing requirements therefore apply.

The Company recently conducted a request for proposal process to select a vendor to replace certain mechanical equipment for ten cooling tower cells at its Huntington Plant. The

equipment to be replaced included ten each of gearboxes, shaft assemblies, and fan assemblies. Of the eight companies who provided a bid in response to the request for proposal, seven companies included Amarillo equipment in their proposals. The Company selected Midwest because it submitted the lowest cost bid.

Amarillo is the original manufacturer of all of the gear boxes used on the block one and block two cooling towers at PacifiCorp's Lake Side facility. It was determined that purchasing the equipment and subsequent replacement equipment from Amarillo from time to time is more cost-effective than procuring similar equipment from another source. The oil filtration cart is designed specifically for the use with the Amarillo gear boxes, and is designed for the appropriate flow rates, pressure considerations, and volumetric considerations associated with these gear boxes. The filter is designed to address the typical amount of contamination associated with Amarillo gear boxes, which minimizes the need for additional filtration and maximizes the useful life of the gear boxes. The use of Amarillo equipment minimizes the initial purchase costs and the day-to-day operational cost.

The Company notes that the Lake Side facility transaction may qualify for a waiver of the OAR 860-027-0040 filing requirements based on the amount spent for the transaction. OAR 860-027-0043 allows for the waiver of the rules governing affiliate interest transactions upon petition by a utility and approval by the Commission, including transactions valued at less than 0.1 percent of the utility's Oregon operating revenues for the previous calendar year.

The Midwest Contract and the Amarillo Purchase Order were prepared in accordance with PacifiCorp's procurement policies and procedures and will contain standard commercial terms and conditions to protect the Company's ability to provide safe and reliable service.

Thus, the use of Midwest and Amarillo as suppliers of the products and services under the Midwest Contract and the Amarillo Purchase Order will not harm the public interest.

"Items" mean any goods or services to be provided or performed by Supplier under the Contract as defined above. "Price" means the consideration to be paid by Company to Supplier under the Contract for the Items. The Price shall be exclusive of all taxes to be borne by Company arising out of Supplier's performance hereunder, including without limitation sales, use, unless specifically stated otherwise. Local sales and use taxes in all states shall be paid by Supplier and invoiced as a separate line item. The Supplier is responsible for all import or export duties and value-added taxes related to these units and all applicable parts.

2. BLANKET ORDER.

If the Purchase Order is designated by Company as a blanket order, Company shall be obligated to purchase only those quantities of Items which it specifically requests under release orders issued by Company to Supplier.

3. ACCEPTANCE OF ORDER.

This Purchase Order for Items shall be accepted by Supplier upon receipt of the Purchase Order. Any timely commencement of Supplier's performance hereunder shall also be deemed to be an expression of Supplier's acceptance of this Order including these Terms and Conditions. No modification, alteration, or exception made by Supplier to the terms of this Contract shall be a part of this Purchase Order unless agreed to in a writing executed by the authorized representatives of both parties.

4. PRICE.

The Price shall be as stated in the Purchase Order unless such price exceeds the lowest price at which Supplier is selling Items or similar items to its other customers as of the date of delivery to Company, in which case the lower price shall control. If there is no price stated in the Purchase Order, the Price shall not be higher than the most current charged or quoted Price to Company for such Items by Supplier. If there has been no previous charge or quotation by Supplier to Company for Items and if no price is set forth in the Purchase Order, Company shall have the right to return the Items. Supplier shall pay the cost of return transportation if Supplier charges a price which is in excess of the lowest price at which Supplier is selling Items to its other customers as of the date of delivery to Company. If prior to delivery of the Items, Company is able to purchase a portion or all of the Items, or similar items of like quality, at a price which is less than the Price, Company shall notify Supplier. Should Supplier fail to meet such lower price, Company may, at its option, purchase from the other source at the lower price, and in that event Company and Supplier shall be relieved of their obligations under the Contract in respect of that portion of the Items purchased from the other source.

5. ACCOUNTING AND AUDITING.

Company or its audit representative shall have the right at any reasonable time or times to examine, audit, and reproduce the records, vouchers, and their source documents which serve as the basis for compensation other than compensation which is fixed in amount by this Contract. Such documents shall be available for examination, audit, and reproduction for three (3) years after completion or termination of this Contract. All results of these audits shall be kept confidential between the two parties and their agents. Supplier shall assist Company with preparing necessary audit material and will allow Company to review any work papers prepared by independent auditors as allowed by professional standards. Any over-collections shall be returned within thirty (30) days from date of notice of overcharge. Audit findings will be considered to be final for the period audited.

6. CREDIT REQUIREMENTS.

Supplier shall meet the requirements of any one or more of clause (i), clause (ii) or clause (iii) below: (i) Supplier maintains a senior unsecured debt rating from Standard & Poor's of BBB- or better; (ii) if Supplier has no debt rating, Supplier meets ALL of the following credit standards: a) tangible net worth equal to ten times the projected maximum exposure under this Contract, b) no change in the condition of its earnings, net worth, or working capital over the last 24 months which would reasonably be anticipated to impair the Supplier's ability to meet its obligations under this Contract, and c) Supplier is not in default under any of its other agreements and is current on all of its financial obligations, or (iii) Supplier shall post security reasonably satisfactory to Company. If requested by Company, Supplier shall within thirty (30) days provide Company with copies of its most recent annual and quarterly financial statements prepared in accordance with generally accepted accounting principles.

If Supplier fails to make delivery of any part of the Items on the date(s) indicated, the Company may terminate and pursue other remedies. All shipments shall be delivered F.O.B. to the destination designated by Company in the Purchase Order, and risk of loss shall remain with Supplier until the Items are received by Company, its agent or consignee regardless of whether Company has made full payment for the items. A packing slip must accompany each such shipment, and if a shipment is to a consignee or agent of Company, a copy of the packing slip shall be forwarded concurrently to Company. The foregoing warranties and obligations shall also apply to the Items supplied by Supplier in such repair, replacement, or performance. Supplier shall immediately transfer to Company the benefit of any manufacturer's warranties.

11. RESTOCKING FEE.

In the event that Supplier supplies incorrect or defective Items or fails to deliver Items on or before the delivery date, or this order is terminated for cause, Company shall have no obligation to pay restocking or similar fees to Supplier. Moreover, in no event shall Company be required to pay restocking or similar fees to Supplier unless a mutually acceptable fee is agreed to in a writing executed by the authorized representatives of both parties.

12. CHANGES.

Company shall have the right to make changes (including additions and/or omissions) from time to time in the Items, any specifications and/or drawings which are a part of the Contract. Company shall give Supplier written notice of any such change. Any claims by Supplier for adjustments in price or delivery terms after its receipt of Company's change order must be asserted in writing to Company not more than ten (10) days after such receipt by Supplier, or such claim shall be deemed to have been waived.

13. PAYMENTS AND INVOICES.

Unless otherwise specified in the Purchase Order or in a separate written instrument signed by Company, no invoice shall be issued by the Supplier prior to the shipment or performance of the Items, and no payment shall be made prior to receipt of such Items and approval of an invoice for such Items. 15. PATENT, TRADE SECRET, AND COPYRIGHT INFRINGEMENT.

Supplier shall settle or defend, at its sole expense and shall indemnify and save Company harmless from any costs, expenses, losses, and damages resulting from any claims, suits, or proceedings brought against Company which are based upon a claim that the Items, or any part thereof infringe on any patent, trade secret or copyright in case the Items or any part thereof furnished hereunder constitute infringement. Supplier shall, at its sole expense and at its option (1) procure for Company the right to continue using the goods or part thereof; (2) replace the same with substantially equal but non-infringing Items, (3) modify the Items so as to become non-infringing; or (4) upon written approval of Company, remove the Items at Supplier's sole expense and refund the Purchase price and the transportation, installation, and removal costs thereof.

16. COMPLIANCE WITH LAWS AND REGULATIONS.

Without limiting the generality of the foregoing, Supplier specifically warrants its compliance with the Foreign Corrupt Practices Act and the United Kingdom Bribery Act 2010. Supplier and any subcontractors shall also abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability.
