**APPLICATION OF CRICKET COMMUNICATIONS, INC. TO AMEND ITS
DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER AND
ELIGIBLE TELECOMMUNICATIONS PROVIDER**

Pursuant to 47 U.S.C. § 214(e) of the Communications Act of 1934, as amended (the “Act”), and the requirements of the Oregon Public Utility Commission (“Commission”),¹ Cricket Communications, Inc. (“Cricket”) respectfully submits this Application to Amend Its Designation as an Eligible Telecommunications Carrier (“ETC”) and Eligible Telecommunications Provider (“ETP”). Since the Commission designated Cricket an ETC and ETP in 2010, Cricket has expanded its Oregon coverage area and facilities beyond the current designated ETC area. Accordingly, Cricket asks the Commission to amend its designation, to allow Cricket to offer affordable advanced telecommunications services to low-income Oregonians outside the current designation area, utilizing support from the federal Lifeline program and Oregon Telephone Assistance Program (“OTAP”). Granting this Application would serve the public interest because it would enable Cricket to expand the availability of innovative telecommunications services at

discounted prices to low-income Oregonians, thereby directly advancing the goals of universal service. In support of this Application, the following is respectfully shown:

I. CRICKET AND ITS EXISTING ETC AND ETP DESIGNATION

Cricket is a facilities-based carrier that provides digital wireless services on a common carrier basis, primarily using its own state-of-the-art facilities. Directly and through its affiliates, Cricket currently serves approximately 6.2 million customers in 34 states and the District of Columbia. Cricket offers customers the benefits of unlimited calling at flat rates, without requiring fixed-term contracts or credit checks.

Cricket is already designated as an ETC and ETP in the areas of Oregon identified in attached Exhibit A. Cricket's predecessor company, LCW Wireless, LLC d/b/a Cricket Wireless, was designated as an ETC and ETP on February 25, 2010.² LCW Wireless became a wholly-owned subsidiary of Cricket Communications, Inc., a Delaware corporation, on August 25, 2010, as previously noted in a Commission order.³ Cricket has continued to provide service as an ETC and ETP in Oregon. In Docket UM 1526, the Commission accepted Cricket Communications, Inc.'s 2011 recertification filing.⁴

II. CRICKET'S PROPOSED AMENDED DESIGNATION WOULD CONTINUE TO SATISFY ALL STATUTORY AND REGULATORY REQUIREMENTS FOR ETC AND ETP DESIGNATION

Cricket seeks additional designation as an ETC in the service areas indicated in attached Exhibit A. With respect to the amended designated area, Cricket will continue to satisfy each of the

³ *In the Matter of Public Utility Commission of Oregon, 2011 Annual Recertification of Eligible Telecommunications Carriers*, Docket No. UM 1526, Order No. 11-364 (entered September 24, 2011), App. A, n 4 ("LCW Wireless became a wholly-owned subsidiary of Cricket Communications, Inc., on August 25, 2010. Its name is now Cricket Communications, Inc.").

statutory and regulatory requirements for ETC and ETP designation set forth in the Act,⁵ the FCC's Rules⁶, Oregon statutes, and the Commission's rules.⁷ In particular, Cricket:

1. continues to be a common carrier [*see* 47 U.S.C. §§ 153(10), 214(e)(1), and 214(e)(6); 47 C.F.R. § 54.201(d); *Oregon ETC Requirements Order*, App. A, ¶ 1];
2. will continue to offer the voice telephony services supported by federal universal service support mechanisms as defined in 47 C.F.R. § 54.101(a),⁸ with local usage plans comparable to those of incumbent Local Exchange Carriers ("ILECs") [*see* 47 U.S.C. § 214(e)(1)(A); 47 C.F.R. § 54.201(d)(1); *Oregon ETC Requirements Order*, App. A, ¶ 2];
3. remains committed to providing the supported services throughout its designated service area, including responses to requests for new service in compliance with state and federal rules [*see* 47 U.S.C. § 214(e)(1); 47 C.F.R. §§ 54.405, 54.201(d); *Oregon ETC Requirements Order*, App. A, ¶ 3];
4. will continue to use its own state-of-the-art facilities primarily to provide the supported services [*see* 47 U.S.C. § 214(e)(1)(A); 47 C.F.R. § 54.201(d)(1); *Oregon ETC Requirements Order*, App. A, ¶ 4];
5. continues to seek only low-income support, and therefore need not file network improvement plans and progress reports [*see Cricket ETC Designation Order*, App. A, at 2; *Oregon ETC Requirements Order*, App. A, ¶ 5];
6. will continue to advertise the availability and cost of its universal service offerings throughout the designated service area, using media of general distribution, specifically publicizing the availability of Lifeline service [*see* 47 U.S.C. § 214(e)(1)(B); 47 C.F.R. § 54.201(d)(2); *Oregon ETC Requirements Order*, App. A, ¶ 6];

⁵ 47 U.S.C. § 214(e)(1)-(2).

⁶ 47 C.F.R. § 54.201.

⁷ *See Oregon ETC Requirements Order*, Appendix A.

⁸ The FCC has reduced the list of services supported by federal USF funds to include: (1) "voice grade access to the public switched network or its functional equivalent," (2) "minutes of use for local services provided at no additional charge to end users," (3) "access to the emergency services 911 and enhanced 911 services," where available, and (4) toll limitation to qualifying low income consumers. *In the Matter of Connect America Fund, et al.*, WC Docket No. 10-90, *et al.*, Report and Order and Further Notice of Proposed Rulemaking (rel. November 18, 2011), ¶ 78. Despite the FCC's elimination of the requirements, Cricket continues to use primarily its own facilities to offer the nine services set forth in former 47 C.F.R. § 54.201 (2008).

7. will continue to make Lifeline services available to qualifying low-income consumers, and publicize those services in a manner reasonably designed to reach those likely to qualify [*Oregon ETC Requirements Order*, App. A, ¶ 7];
8. will continue to be able to remain functional in emergencies [*Oregon ETC Requirements Order*, App. A, ¶ 8];
9. continues to be committed to service quality and consumer protection, including the CTIA Code, as well as timely resolution of complaints [*Oregon ETC Requirements Order*, App. A, ¶ 9]
10. would advance the public interest through the requested amended designation, as explained herein, including increasing consumer choice [*Oregon ETC Requirements Order*, App. A, ¶ 10].

Following Cricket's designation in Oregon, the Federal Communications Commission ("FCC") granted Cricket forbearance from the service area conformance requirement of section 214(e)(6) of the Act and section 54.207(b) of the FCC rules.⁹ Those provisions require that, in the case of an area served by a rural telephone company, a competitive ETC's service area must be defined as the rural telephone company's "study area" unless the study area has been redefined by the FCC and the Commission. In light of the FCC's forbearance order and subsequent approval of Cricket's compliance plan,¹⁰ Cricket is eligible for Lifeline-only ETC designation in service areas that do not conform to that of an underlying rural telephone company study area. Exhibit B identifies Crickets' proposed additions to its designated ETC area, corresponding to Cricket's expanding coverage.

⁹ *In the Matter of Telecommunications Carriers Eligible for Universal Service Support, Cricket Communications, Inc. Petition for Forbearance*, WC Docket No. 09-197, Order, DA-158, 26 FCC Rcd at 13723, 13726-27, ¶¶ 1, 9 (released Feb. 7, 2012); see 47 U.S.C. § 214(e)(5); 47 C.F.R. § 54.207(b). Those provisions generally require that, in the case of an area served by a rural telephone company, a competitive ETC's service area must be defined as the rural telephone company's "study area" unless the study area has been redefined by the FCC and the Commission

III. AMENDING CRICKET’S DESIGNATION IS IN THE PUBLIC INTEREST.

Amending Cricket’s existing designation is in the public interest, and fully consistent with the Commission’s requirements for ETC designation.¹¹ Indeed, the same analysis under which the Commission already granted ETC designation applies here. Cricket’s amended designation – like its original designation – is in the public interest because it would increase the choice of discounted plans available to low-income consumer in the newly designated areas. Cricket’s Lifeline plans offer a unique mix of affordability, unlimited nationwide calling, and available advanced features. Cricket’s currently available calling plans in Oregon are described in Exhibit C. Cricket makes the Lifeline discount available to qualified customers on all of those calling plans.

In Order No. 10-070, the Commission set forth its adoption the Commission Staff’s recommendations with respect to Cricket’s predecessor’s ETC/ETP application.¹² Then, Staff noted that Cricket’s “application demonstrates that ETC designation is in the public interest,” would “increase choices for eligible low-income consumers in the I-5 corridor by adding new wireless options for Lifeline/OTAP consumers.” Now, Cricket has expanded its network coverage beyond the I-5 corridor, and has extended coverage to eastern Oregon. Low-income consumers in Cricket’s existing designated area have gained from increased consumer choice, Cricket’s state-of-the-art facilities, and calling plans that combine unlimited nationwide calling and advanced features for as little as \$21.50 per month, after discounts. Equally, consumers in the proposed expanded area will reap the same benefits.

¹¹ See *Oregon ETC Requirements Order*, Appendix A, ¶ 10. Because Cricket is not applying for high-cost universal service, no cream-skimming analysis is warranted. See *In the Matter of Virgin Mobile USA, L.P. Petition for Forbearance from 47 U.S.C. § 214(e)(1)(A)*, CC Docket No. 96-45, Order 09-18, ¶ 39 n. 101 (March 5, 2009) (explaining that “we need not perform a creamskimming analysis because Virgin Mobile is seeking eligibility for Lifeline support only”). In any case, Cricket’s FCC compliance plan approval, discussed herein, eliminates the need for any such analysis.

¹² *Cricket ETC Designation Order*, at 1.

IV. ANNUAL RECERTIFICATION PROCESS

Cricket will continue to comply with the applicable annual certification requirements adopted by the Commission's *ETC Requirements Order*.¹³ Cricket timely submitted its 2011 recertification filing in docket UM 1526, and has recently submitted its 2012 recertification filing in docket UM 1589.

V. LEGAL AUTHORITY

The Commission has the legal authority to grant the relief requested by the Applicant pursuant to 47 U.S.C. §214(e)(2); 47 C.F.R. § 54.201.

VI. RELIEF REQUESTED

For the reasons set forth above, and pursuant to Section 214(e)(2) of the Act, Cricket requests that the Commission enter an Order amending Cricket's designation as an ETC and ETP to include the areas described in Exhibit A. Cricket respectfully asks that the Commission enter said Order at the earliest possible date.

Dated this 4th day of September, 2012.

Respectfully submitted,

CRICKET COMMUNICATIONS, INC.

¹³ The requirement to submit a network improvement plan and progress reports remains inapplicable, as established in UM 1456, because Cricket does not seek high-cost support. See *Cricket ETC Designation Order*, App. A, at 2.
