RE: AR 617 – Comments on Staff’s Proposed Modifications to OAR 860-083-0300 RPS Compliance Standard

Portland General Electric Company (PGE) appreciates the opportunity to provide feedback on the OAR 860-083-0300 Renewable Portfolio Standards (RPS) Compliance Standards modifications proposed by Staff of the Public Utility Commission of Oregon (OPUC or Commission).

In this informal stage of the rulemaking, PGE does not take any issue with Staff’s proposed modifications to OAR 860-083-0300. PGE is appreciative of the work and diligence of Staff in the collaborative process to modifying the RPS compliance standards to better align with Senate Bill 1547 requirements and of having the opportunity to provide feedback on these proposed modifications.

Sincerely,
