Jason, Katherine et al,

The Klamath Water Users Association is not in agreement with the so-called "Joint Parties" issues list. Please remove us from any filing that represents that Klamath Water Users Association is in agreement with the issues as presented in the most recently circulated issues list. It is my understanding that the United States is in agreement with KWUA so the Bureau of Reclamation and the US Fish and Wildlife Service should also be removed from the list the parties sponsoring the joint issues list.
