**RE: AR 601 – COMPLIANCE FILING - Severe Weather Moratorium on Service
Disconnection – Selected Weather Reporting Services**

PacifiCorp d/b/a Pacific Power (PacifiCorp) provides the following filing to the Public Utility Commission of Oregon's Consumer Services Section in compliance with OAR 860-021-0407(7) of the weather reporting service it will use in each geographic area in Oregon served by the company.

PacifiCorp will use the National Weather Service (NOAA) to monitor weather advisories. The weather information will be obtained daily, no later than 8:00 a.m., each business day, from the NOAA website at <https://www.weather.gov/>.

PacifiCorp serves 189 active zip codes that are grouped into 26 service centers in Oregon. The zip codes are covered under 56 different weather stations provided in the list below. If a weather station reports a weather advisory for one zip code, disconnection of service due to non-payment will be cancelled for the entire geographical area for the designated service center.
