RE: UE 286 – Workshop to Address the Development of Market Forward Curves and the Role of Hedging in MONET

Filing Center:

As a part of the Partial Stipulation to settle issues raised in Docket No. UE 286, PGE and Stipulating Parties (Staff of the Public Utility Commission, the Citizens' Utility Board of Oregon, and the Industrial Customers of Northwest Utilities) agreed that prior to April 1, 2015, PGE would host a workshop to address the development of market forward curves and the role of hedging in the MONET power cost model.

In Order No. 14-318 the Commission adopted the stipulations of parties and required PGE to notify the Commission when we had set a date for the workshop described above. PGE is filing this letter to notify the Commission of the scheduled workshop. PGE will host the workshop from 9:30 am to 11:00 am on March 4, 2015. The Stipulating Parties listed above have received meeting details for location and conference call-in information. The material PGE presents at the workshop will be confidential; parties attending the workshop must have signed Protective Order No. 14-043.

If you have any questions or require further information, please contact Aaron Rodehorst at (503) 464-8804. Please direct all formal correspondence and requests to the following email address: pge.opuc.filings@pgn.com.

Sincerely,
