Hi Tsungi,

I just tried to call to follow-up again on cancelling iNetworks' Oregon certificate of authority (see below), but your voice mail wouldn't accept any more messages. We're getting into crunch time to get iNetworks' certificate cancelled by the end of the year to avoid more fees, potential penalties, etc., if they lapse into 2018, especially with the upcoming holidays. We need to receive your cancellation request ASAP. Please let me know if you have any questions. Thanks ~Kathy

Hi Tsungi,

I'm following up again on my prior emails to you regarding cancelling iNetworks' Oregon certificate of authority (see below). We need to get the ball rolling on the cancellation request to be sure we can get it through the process by the end of the year to avoid more fees, potential penalties, etc., if they lapse into 2018. Please let me know if you have any questions on how to proceed with the cancellation request – I'm happy to help get this through ASAP, but I can't do anything until I receive a cancellation request letter! Thanks ~Kathy

Hi Tsungi,

I'm just following up on my 8/18/2017 email to you regarding cancelling iNetworks' Oregon certificate of authority, as I haven't seen a cancellation request come in yet. If they're no longer in business, it'd be good to get this done as soon as possible. As long as their certificate of authority is still active, they're responsible for all filing requirements and run the risk of accruing penalties and late fees if any are missed. And we definitely want to get them canceled before the end of the year so they don't incur another \$100 annual fee for 2018.

Please let me know if you have any questions. ~Kathy

Hi Tsungi,

Assuming there are no Oregon intrastate customers who would require 90-day notice, to withdraw/cancel iNetworks Group's Oregon certificate of authority you simply need to e-file a letter to the Commission in iNetworks' CP Docket 1430 on company letterhead requesting withdrawal/cancellation. The letter should explain any relevant details (e.g., reason for cancellation (no longer providing telecommunications services in Oregon, no Oregon customers, etc.)). We'll then issue a cancellation order with an effective date.

Our Filing Center website has instructions on how to e-file a PDF of the letter by emailing it to the Filing Center (puc.filingcenter@state.or.us): <http://www.puc.state.or.us/Pages/efiling/All-Filings-and-Pleadings-except-Reports-%28RE%2c-RG%2c-RO%2c-RT%2c-RW%29%2c-Interconnections-Agreements-and-Amendments-%28ARB%29%2c-Competitiv.aspx>.

If there are Oregon intrastate customers who would require 90-day notification, the relevant Oregon Administrative Rules can be found in OAR 860-032-0020 (http://arcweb.sos.state.or.us/pages/rules/oars_800/oar_860/860_032.html), which details the required notification to customers and the Commission (including time frames and information to be included).

Also, be sure to keep up with any remaining filing obligations up until the time the cancellation order is effective. We'll send you the 2017 annual report Form L and annual fee/statement forms at the time of cancellation (to be completed for the period 1/1/2017 up to the cancellation date).

Let me know if you have any questions. Thanks! ~Kathy

Good Morning,

Thank you for the prompt response. The company has to go through an administrative process to cancel their Certificate of Authority. Please contact Kathy Shepherd at kathy.shepherd@state.or.us, (503) 378-8959 to initiate the process.

Until the request is processed the company will need to continue to file “zero” reports, including this month. Please let me know if you have any further questions.

Frank
