UM 1432 – RPS Alternative Compliance Rate Setting Schedule Announcement

This announcement describes Oregon Public Utility Commission (OPUC) Staff's plan to bring its update to the RPS Alternative Compliance Rate proposal to a public meeting.

Background

The UM 1432 docket is used to set the Alternative Compliance Rate for Electric Service Suppliers (ESS) in Oregon as a way to meet their Renewable Portfolio Standards (RPS) obligations under ORS 469A.180. OAR 860-083-0500(1) states that the rate must be set no later than October 1 of an even numbered calendar year for the next even-numbered calendar year and the following odd-numbered calendar year. A new rate has not been set since 2016, so Staff intends for the rate set for 2024-2025 to also function as an interim rate for 2023.

Staff intends to hold a single workshop and comment period for this docket. If the need arises, Staff will schedule a second workshop after the end of the comment period and before the target public meeting.

Event	Date
Straw Rate Proposal Distributed	July 29, 2022
Workshop	11am-noon August 3, 2022
End of Comment Period	August 12, 2022
Target Public Meeting	September 20, 2022

A detailed workshop agenda will be shared with the UM 1432 distribution list prior to the workshop.

If you have questions about the docket or any of the events, please contact:
