**Re: UM 1631 – Errata Filing  
Portland General Electric Company’s Application for Waiver of OAR 860-029-0040**

Attention Filing Center:

On December 17, 2014, Portland General Electric Company (“PGE”) submitted an Application for Waiver of OAR 860-029-0040 in docket UM 1631.

PGE has since identified an error on page 2, paragraph 4 of the filing. Specifically, paragraph 4 mistakenly states that “PGE would need to submit its updated avoided costs rates no later than January 2, **2016.**” This sentence should state that “PGE would need to submit its updated avoided costs rates no later than January 2, **2015.**”

The Company requests that the enclosed **Errata - Application for Waiver of OAR 860-029-0040, Page 2** be substituted for the originally-filed Application Page 2.

If you have any questions regarding this filing, please contact me. Thank you for your assistance with this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Denise Saunders", is written over a light blue horizontal line.

filing. The Company made the most recent supplemental filing on November, 25, 2014 and requested an extension of the effective date to December 17, 2014.

3. On December 2, 2014, this Commission acknowledged PGE's 2013 IRP, which triggered the post-IRP update requirements of OAR 860-029-0040(4)(a).
4. Pursuant to OAR 860-029-0040(4)(a), PGE would need to submit its updated avoided costs rates no later than January 2, 2015. However, on December 16, 2014, the Commission approved PGE's UM 1610 compliance filing, which contained all of the information required by 860-029-0040(4)(a).
5. There have been no material changes in the cost elements used to calculate avoided cost rates for PGE's compliance filing in UM 1610. Additionally, the deficiency period for both the standard and renewable avoided costs rates is identical.

For the reasons discussed above, PGE respectfully requests that the Commission issue an order waiving the OAR 860-029-0040(4)(a) requirement that PGE file a post-IRP update to its avoided costs rates.

DATED this 17th day of December, 2014.

Respectfully submitted,

/s/ Denise Saunders
