Re: *In the Matter of WILLIAM MOONEY Request for Waiver of OAR 860-039-0010(1);*
Docket No. UM 1631

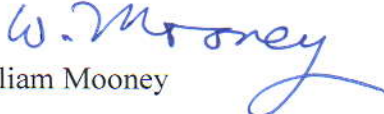

Dear Filing Center:

I withdraw my previously-filed request for a waiver to the net metering solar system size limits for a residential system described in OAR 860-039-0010(1). I filed the waiver request on June 18, 2013. (See Docket No. UM 1631.)

While working with Portland General Electric (PGE) and the Oregon Public Utility Commission Staff (Staff) it was discovered that my load has increased in size and changed to a mixed-use nature since the time I was classified as a residential customer. Consequently, PGE has moved me to the appropriate Schedule 32 rate from the residential Schedule 7 rate of their Tariff. Because I am no longer classified as a residential customer, the 25 kW size limit no longer applies (as detailed in OAR 860-039-0010(1), the size limit for non-residential customers is 2 MW) and I have no need to proceed with my waiver request. PGE, OPUC staff, and I are all satisfied with this resolution.

Thank you for your time.

Best Regards,

William Mooney
