Re: UM 1668 – Boomerang Wireless, LLC – Notice of Change to Underlying Carriers

Dear Ms. Collins,

Consistent with Oregon Public Utility Commission Order No. 15-280 and paragraph 12 of the Stipulation adopted as Appendix A to that order, this notice is being provided to inform the Oregon Public Utility Commission and its Staff that effective March 31, 2017, Boomerang Wireless, LLC d/b/a enTouch Wireless (“Boomerang”) will no longer utilize the underlying wireless network for AT&T Mobility in Boomerang’s provision of Lifeline services in Oregon.

Only three customers are affected by this change. Those three customers are being provided a 30-day advance notice of this change and will be given the following two options: (1) to continue to receive Boomerang’s Lifeline services on the network of another underlying carrier, Verizon Wireless; or (2) to select another Lifeline provider offering service in the state of Oregon. Customers selecting the option to remain with Boomerang will receive an entry level smartphone and will have the opportunity to port their current phone number.

Thank you for the courtesy and assistance. Please feel free to contact me if you have any questions or need additional information.

Respectfully submitted,

DAVIS WRIGHT TREMAINE LLP

Alan J. Galloway
