Re: UM 1668 – Notice of Updates to Lifeline Service Offerings of Boomerang Wireless, LLC

Dear Ms. Collins:

Boomerang Wireless, LLC (“Boomerang”), pursuant to the stipulation filed in this docket on August 28, 2015 (“Stipulation”), and subsequently approved by the Oregon Public Utility Commission (“Commission”),¹ hereby provides the Commission with notice concerning proposed upgrades to its Tribal Lifeline service plans in Oregon. The updates to the Tribal Lifeline service plans described herein are in addition to the improvements to the non-Tribal Lifeline plans that Boomerang described in a filing on June 2, 2017.

Boomerang’s proposed revised plans are described in the revised Exhibits D and E to the Stipulation, attached hereto, which are intended to replace the Stipulation’s original Exhibits D and E, as well as all previous revisions to those exhibits.

Boomerang’s new “Tribal Unlimited Unit & 750 MB Plan” set forth in Exhibit E, like the former “Tribal Unlimited Unit & 750 MB Plan,” offers unlimited talk and text units (where 1 minute equals 1 unit and 1 text equals 1 unit). There is no roll over of units. The unlimited offerings, like all Boomerang’s offerings, are for private use and subject to the company’s Acceptable Use Policy and Terms of Service, which prohibits certain uses which result in abnormally high numbers of calls or generate excessive levels of Internet traffic. In addition, the improved plan provides an increase in data per month from 750 MB to 1.5 GB, and now adds unlimited Always-on-Wireless-Data each month. Data is 3G/4G based on network availability and device capability. Always-on-Wireless-Data provides access to Wi-Fi, email, and web (at 128K/sec) when 3G/4G data is exhausted. A free entry level smart phone is available to eligible subscribers

¹ *In the Matter of Boomerang Wireless, LLC dba Entouch Wireless, Application for Limited Designation as an Eligible Telecommunications Carrier and Eligible Telecommunications Provider for the Purpose of Offering Lifeline Service, and Request for Waiver*, Docket No. UM 1668, Order No. 15-280 (entered September 16, 2015).

who have not received a free phone in the most recent 12 month period. Lifeline free minutes, units and data are automatically posted each month on the Lifeline customer's service date.

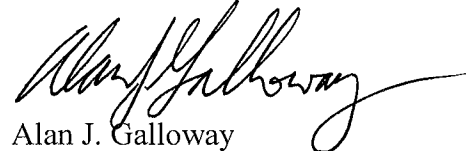

The aforementioned Tribal plan is only available to eligible customers who reside on Federal recognized Tribal lands. Services are for personal use only. All usage is subject to the Acceptable Use Policy. See Terms of Service at www.enTouchwireless.com (Bundled Voice & Broadband Plan). Per the Lifeline Modernization Order, a 12-month Port Freeze is associated when a subscriber selects this plan. Accordingly, a subscriber may change service providers during the Port Freeze period; however, the subscriber will not be able to apply the Lifeline Benefit with any other service provider for the duration of the Port Freeze period.

Consistent with paragraph 19 of the Stipulation, this new Tribal offering will take effect at least ten (10) days from the date of this filing, and will be offered to new customers on July 5, 2017. Current customers who request the new plans will be switched to the new plans on their next monthly service anniversary following the request. Current customers who do not make a request will be automatically upgraded on the next monthly service anniversary following their next annual recertification. The new Tribal plan will be offered in all areas where Boomerang is authorized to offer Lifeline on Tribal lands in Oregon under the terms of the Stipulation and subsequent Commission orders.

Please contact me if you have any questions regarding this filing.

Very truly yours,

DAVIS WRIGHT TREMAINE LLP
