Roome Telecommunications Inc
PROGRESS REPORT ON SERVICE QUALITY IMPROVEMENT PLAN

PREAMBLE

This document is an integral part of the Company's 2015 Annual Report, as attached to Form 481. It is in compliance with § 54.313(a)(1) adopted in the FCC's USF/ICC Transformation Order (11-161). This document also incorporates further clarifications identified in subsequent Reconsideration Orders, as applicable, that were in effect at the time the Annual Report was due by Rule to the requisite regulatory authorities.

Roome Telecommunications Inc ("RTI") advises that the environment in which the Company operates is dynamic, not static. As a result, certain network targets identified in its initial 5 Year Network Improvement Plan filed in 2014, may be modified in response to regulatory decisions that have been subsequently adopted, and as their implication upon the Company's financial viability in providing the required services and service level quality became known.

Modification to the network plan may also have been taken due to changes in technology, vendor-driven support, weather, or emergency related contingencies.

Targets not met or changed since the initial 5 Year Plan filing are identified and reasons provided for those changes.

UNIVERSAL SERVICE SUPPORT RECEIVED IN 2015

Per the Universal Service Administrative Company (USAC), during the calendar year 2015, RTI received a total of \$68,238 (as available from USAC on 5/20/15) in USF support funds. The breakdown of the funding for the year was:

- \$ 0 High Cost Loop Support,
- \$ 44,433 Connect America Fund-Intercarrier Compensation Support
- \$ 23,805 Interstate Common Line Support

Universal Service Support funds are used to: 1) maintain, upgrade, and improve the Company's network and, 2) cover operating expenses and debt commitments as necessary to permit it to offer a high level of service for both voice and broadband within the authorized serving area.

USF support will continue to be included in the Company's current revenue accounts and forward-looking projections. Revenues, in the aggregate, are used for both capital expenditures as well as to cover operating expenses and fixed costs incurred to obtain capital from lenders. The Company does not segregate USF separately for purposes of capital and operating expenditures; USF is expended in the same proportion as the Company's aggregated revenue amount.

The proportionate share of USF expenditures in 2015 to date for CAPEX is estimated to be \$0 ; for OPEX \$68,238 (100%).

In the accompanying 2015 project detail, expenditures for network improvements sometimes involve service quality, coverage and capacity as an integrated improvement project and are not mutually exclusive from one another. In terms of cost, projects involving multiple qualifiers are of equal dollar equivalence. Where a project involves a single qualifier, it is so noted.

OREGON TELEPHONE ASSISTANCE PROGRAM (OTAP) /LIFELINE

Pursuant to Chapter 290, Oregon Laws 1987, and Oregon Administrative Rule (OAR) Chapter 860, Division 33, the Oregon Telephone Assistance Program (OTAP) is the state counterpart to the federal Lifeline program and is governed by Federal Communication Commission 47 Code of Federal Regulations Subpart E, 54. Eligible voice telephony services must provide voice grade access to the public switched network or its functional equivalent, access to emergency services and toll limitation services.

C

Customers must meet the eligibility requirements for OTAP/Lifeline defined in OAR 860-033-0030.

OTAP/Lifeline customers may voluntarily elect toll limitation service at no charge. OTAP/Lifeline customers who subscribe to toll limitation service will not be required to pay a service deposit in order to initiate OTAP/Lifeline service.

Billing will reflect that the OTAP/Lifeline credit or discount became effective on the date specified by the Public Utility Commission of Oregon for each approved customer.

OTAP/Lifeline customers may not be charged the federal universal service fund fee or the monthly number-portability charge as part of their local residential service plan that includes voice telephony service.
