It is Eagle Telephone System, Inc.'s; intention to continue the use of its high cost monies to increase the availability of broadband to its customers, both residential and business alike. We have for the past five years worked diligently to bring Fiber to the Home (FTTH) to its valued customers with in our own city limits.

Eagle serves a 210 square mile area in one of the most remote areas in Oregon, so with the continuation of our high cost support Eagle intends to continue replacing its legacy copper plant with FTTH. Beginning in 2015 we started our FTTH build out to Sullivan Lane, Daly Creek area and Snake River Road and are on target to meet our completion date of 7/15/2015. We are also on target to finish the Daly Creek Head End Fiber Equipment installation. We have completed or are near completion for each project that we laid out for 2015.

We are on target to stay right on our five year build out track. Eagle is anticipating its High Cost funding to be cut in half in the coming years with the new A-CAM funding; therefore we have no new projects budgeted other than our five year build out plan.

Signed,

Mike L. Lattin  
President  
Eagle Telephone System, Inc.
