Subject: RE: Docket Number UM 1773--Notice of Filing--Oregon PUC

Hello,

Staff has reviewed this matter further and recognizes PGE's need to have an expedited schedule in this matter. Accordingly, Staff has determined that it will be able to proceed on a "public meeting" schedule, as requested by PGE, rather than on a "contested case" track.

Staff conferred today with PGE about the possibility of having this matter heard at the Commission's regularly-scheduled June 7 public meeting, rather than at an earlier special public meeting as PGE first requested. PGE confirmed today that it will be able to proceed with a June 7 public meeting, and as such, does not object to it.

Therefore, by this email, Staff requests as follows: (1) the Administrative Law Judge cancel the prehearing conference scheduled for June 6; and (2) the ALJ take whatever steps are necessary to have this matter be placed on the June 7th public meeting's "regular agenda" for a Commission decision on whether to grant PGE's request for waiver and on PGE's request for Commission approval of its final draft RFP.

Respectfully,
Mike Weirich

(note: since there is not an official service list set in this matter, Staff is using the same list compiled thus far by PUC's Administrative Hearings Division for UM 1773)
