If revisions to an original submission are filed with the FCC or USAC, a copy of the revisions must be filed with the Oregon Commission no later than five business days following submission to the FCC or USAC.

FILING INSTRUCTIONS

Please file submissions for this year in Docket No. <u>UM 1822</u>. Include this cover sheet with each filing to indicate which documents are included. Please fill in all relevant items of information on the cover sheet.

Filings must be electronically submitted to the PUC Filing Center. You may e-mail documents to puc.filingcenter@state.or.us. Please note that the upload process is no longer an option for filing. See the PUC website for further instructions. If selected portions of documents are to receive confidential treatment, those portions should not be filed electronically. You may electronically file redacted versions of documents containing confidential information, but then follow-up by sending full versions including confidential information printed on yellow paper.

<u>After filing electronically</u>, please send two hard copies of the filing package (cover sheet and filed information) to the PUC Filing Center. Be sure to include the original affidavit with the raised seal or notary's mark evident. Hard copies of confidential material should be filed in accordance with confidential designation requirements described in OAR 860-011-0080.

Regular delivery methods may be used to send all hard copy documents; overnight or express delivery is not necessary. Please send hard copy documents to the Filing Center via US mail using the following post office box address:

Public Utility Commission of Oregon Attn: Filing Center PO Box 1088 Salem, OR 97308-1088

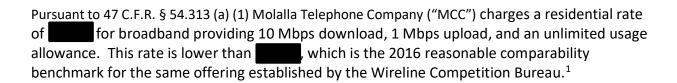

If you send hard copy documents via means other than the US Postal Service, use the following address:

Public Utility Commission of Oregon Attn: Filing Center 201 High Street SE, Suite 100 Salem, OR 97301

If you have any questions regarding the reporting requirements, please contact Kay Marinos at 503-378-6730 or send an e-mail to Kay.Marinos@state.or.us.

¹ Local End User Rate as defined in USF/ICC Transformation Order 26 FCC Rcd at 17751, Para. 238

² USF/ICC Transformation Order, 26 FCC Rcd at 17694, Para. 84 (footnote included) "The standard deviation is a measure of dispersion. The sample standard deviation is the square root of the sample variance. The sample variance is calculated as the sum of the squared deviations of the individual observations in the sample of data from the sample average divided by the total number of observations in the sample minus one. In a normal distribution, about 68 percent of the observations lie within one standard deviation above and below the average and about 95 percent of the observations lie within two standard deviations above and below the average."

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations - FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

Milestone Certification

Pursuant to 47 C.F.R. § 54.202(a) MOLALLA TELEPHONE COMPANY ("MCC") provides this certification that it is taking reasonable steps to provide upon reasonable request broadband speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to offerings in urban areas as determined in an annual survey as specified in Public Notice DA 15-470, and that requests for such service are met within a reasonable amount of time. Details for how MCC is meeting its obligations for broadband goals and required obligations are specified within the FCC Form 481 annual filing.
