Subject: RE: UM 1437 Motion and Service List

Carol,

This is an e-mail version of a motion to amend the schedule in UM 1437. Neoma Lane, my support staff person, is out ill. When she returns, I will file a formal motion.

The motion is to amend the filing date for staff/intervenor testimony from February 25 to March 18 or later. The "later" relates to an agreement that I reached with Trac Fone counsel Larry Reichman to the effect that the due date for the testimony will be two weeks after Trac Fone responds to all outstanding data requests. If, for example, Trac Fone responds on March 7, then the due date for testimony is two weeks from that date, or March 21. If, however, Trac Fone responds on March 2 or March 3 or earlier, then the date is March 18.

We do not yet have dates for Trac Fone's reply, but we will soon. For now, the only relief I am seeking is to move the due date for staff/intervenor testimony from February 25.

Please forward this to Shani Pines.

Thank you.
