3. If the petitioner is an organization, the number of members in and the purposes of the organization:

NW Energy Coalition is a non-profit advocacy organization with membership including more than 110 environmental, civic, and human service organizations, progressive utilities and businesses in Oregon, Washington, Idaho, Montana and British Columbia. We promote development of renewable energy and energy conservation, consumer protection, low-income energy assistance, and fish and wildlife restoration within the Northwest region.

4. The nature and extent of the Petitioner's interest in the proceeding is:

Since its formation in 1981, NWECC has focused on affordable and fair energy service and development of energy efficiency and renewable resources. We have participated in numerous proceedings before this Commission and other bodies in the region, as well as legislative, regulatory and public education efforts.

The current proceeding considers an expedited application to procure new renewable energy resources to serve customers of Portland General Electric, the largest electric utility in Oregon. NWECC has interest both in the general development of clean energy resources and the benefits and impacts on member organizations and constituents who are PGE customers.

No other party can adequately represent NWECC's interests in this proceeding.

5. The issues the Petitioner intends to raise at the proceeding are:

NWECC intends to participate as a party and raise issues that are appropriate to the proceeding.

6. The special knowledge or expertise of the Petitioner that would assist the Commission in resolving the issues in the proceeding is:

NWECC has over three decades of experience in public policy concerning energy efficiency and renewable energy development, including regulatory policy, implementation and oversight. We were among the organizations involved in the discussion and passage of SB 1547, a major contributing factor to the proposed PGE renewable energy resource procurement. Active involvement in this docket will align with our continued participation in other Commission proceedings related to renewable energy development in Oregon, and the ongoing development of the PGE Integrated Resource Plan.

7. Based on the information provided above in accordance with the Commission's rules of procedure, NW Energy Coalition respectfully requests that the Commission grant this Petition to Intervene. NW Energy Coalition's participation in this docket will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. OAR 860-001-0300.
