Re: Major Storm/Event Exclusion
Period: January 10 and 11, 2017

Portland General Electric (PGE) hereby submits this report in compliance with OAR 860-023-0161 which requires the electric company to file a report with the Commission within 30 business days after the conclusion of an event. This report provides a summary of the major storm event that occurred on January 10 and 11, 2017.

OAR 860-023-0161: Major Event Filing by Electric Companies

1. Description of the major event, the interruption causes, and factors that impacted restoration of service.

On January 10 and 11, PGE's entire service territory experienced heavy snow causing widespread outages. Specifically, during the period, the Portland International Airport accumulated 8 inches and Downtown Portland had accumulated 11.8 inches of snow.

Storm damaged trees, tangled wires and more than a foot of snow across much of our service area made the outages difficult to restore, especially in the western part of our service territory, remote locations and higher elevations. Fallen trees and broken limbs caused damage to PGE overhead equipment and poles which made restoration difficult. PGE mobilized 75 line crews and tree crews to clear up the damage and make repairs with the help of over 300 PGE support personnel to restore power to more than 50,000 customers.

2. The Reliability reporting area and geographic area impacted.

PGE's entire service territory was impacted by the heavy snow. Most outages were in PGE's Eastern service territory.

3. The total number of customers affected and the number of customers without service at periodic intervals.

At the peak of the storm, PGE had approximately 34,884 customers without power. During the storm, a total of 76,408 customers were affected.

Major Storm/Event
 Exclusion Occurred:
 January 10 and 11, 2017

4. The calculated SAIDI, SAIFI, and CAIDI impacts (i.e., “Event SAIDI¹, SAIFI², CAIDI³ and T_{med}⁴”) associated with the Major Event on a reliability reporting area and a system-wide basis.

The following table represents the calculated impacts for SAIDI, SAIFI, CAIDI, T_{med}, and system-wide basis totals:

	RELIABILITY REPORTING AREAS			SYSTEM-WIDE BASIS
	EASTERN ¹	SOUTHERN	WESTERN	PGE SERVICE TERRITORY
<i>SAIDI</i> ²	20.20	2.33	18.67	41.19
<i>SAIFI</i> ³	0.048	0.011	0.030	0.089
<i>CAIDI</i> ⁴	419	216	633	465.44
<i>Customers out at peak</i>	20,578	406	13,900	34,884
<i>T med</i>				4.84

¹ Eastern and Central regions are now combined and represented as the Eastern region.

² SAIDI - System Average Interruption Duration Index

³ SAIFI - System Average Interruption Frequency Index

⁴ CAIDI - Customer Average Interruption Duration Index

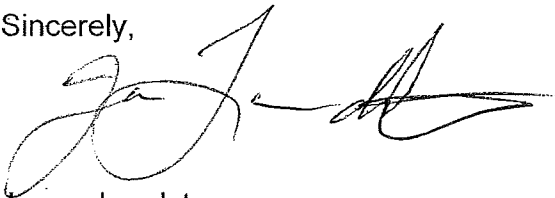

Major Storm/Event
Exclusion Occurred:

The National Weather Service said this is the 9th biggest snowstorm since 1940. They have issued a winter storm warning until Wednesday afternoon.

According to FOX 12 Meteorologist Joe Raineri, the snowiest 24-hour period in January in Portland was back in 1950. He said could get close to that record with this current storm.

Traffic problems were frequent throughout the area. Many drivers abandoned their cars on freeways due to the high accumulations of snow. Officials closed I-84 in both directions from Hood River to Troutdale due to weather. The highway had reopened by 1 p.m., according to the Oregon Department of Transportation.

The snow brought down plenty of trees and branches in the Portland area. [Seven trees](#) came down on the PSU campus overnight, at least two of them damaging campus buildings.

Chains or traction tires were still required in the Gorge for all vehicles.

How does who people vote for have anything to do with chains? Or the weather. And an ignorant comment like yours is very juvenile. I too grew up in the mountians, welches etc...and know how to drive in inclement weather. Not everyone has "experience " driving in this. ODOT most likely put that order into effect to decrease the number of abandoned vehicles left on the roadways, not because " Hilary" or " liberals" told them too. So before you make another comment on a news channel who is keeping people informed evaluate your comments and facts prior.
