Subject: Public Utility Avoided Cost Reporting
Date: Friday, October 26, 2018 2:25:42 PM

Dear Mr. Rossow,

As I mentioned on the phone today the City of Drain does not have any customers or institutions that have a public utility avoided cost. We have a couple of houses that have solar panels but both of those locations use more energy each month than they get from the panels.

If you have any other questions or need something from Drain other than this email please let me know.

Sincerely,

Steve Dahl
