Re: Docket No. UM 1759 Avista Utilities Q2 2017 Fee-Free Payment Program Report

On March 23, 2016 the Commission issued Order No. 16-122 in Docket No. UM 1759 approving Avista Corporation's, dba Avista Utilities (Avista or Company), application for an order authorizing accounting and ratemaking treatment of its residential fee-free payment program. In its application the Company sought to defer the costs associated with offering the fee-free payment for up to 12 months from the time the program went into effect. The fee-free payment program was successfully launched on February 19, 2017.

In its application the Company agreed to provide updates to the Commission every three months about the program's progress. For purposes of reporting, the Company will be providing updates to the Oregon Commission every three months that coincide with the quarters of the calendar year.

Avista's residential fee-free payment program encompasses previous methods of payments that were assessed a fee or not available. The program includes the following payment methods and channels:

- Credit and debit card payments made through a Customer Service Representative (CSR), through the Company’s Integrated Voice Recognition (IVR) system, through its website as a one-time guest payment, through its website as an authenticated user, and for Automatic Payment Service (APS) payments.
- Automated Clearing House (ACH) payments made through a CSR, through the Company’s IVR system, and through its website as a one-time guest payment.

Prior to the launch of the program, customers could pay free of charge by ACH through the Company’s website as an authenticated user and for APS payments. Also, prior to the launch of the program APS payments were limited to only ACH payment methods.

The following table represents the residential payment information for the Company’s Oregon customers by month:

Table No. 1

Payments	January	February	March	April	May	June
