**Date of Planned Service Discontinuance (47 C.F.R. §§ 63.71(a)(2), (b)(2)):**

AT&T plans to discontinue the service on or after April 2, 2018, subject to Commission authorization of the discontinuance pursuant to 47 C.F.R. § 63.71(c).

**Points of Geographic Areas of Service Affected (47 C.F.R. §§ 63.71(a)(3), b(2)):**

AT&T will discontinue this service throughout its geographic service areas in the lower 48 states, Hawaii, and the District of Columbia.

**Brief Description of Type of Service Affected (47 C.F.R. §§ 63.71(a)(3), b(2)):**

AT&T's Inward Assistance service is an operator to operator general assistance service, which allows a subscribing carrier's operator to contact an AT&T operator and requesting dialing and/or routing information.<sup>1</sup> For example, an AT&T operator may provide the carrier's operator with dialing or routing information, such as identifying a city when given only a NPA-NXX or verifying that a specific number is a coin station. To subscribe to Inward Assistance the carrier must order, install and maintain inward trunks in every Local Access and Transport Area (LATA) to reach an AT&T operator for assistance.

The public convenience and necessity will not be impaired by this service discontinuance because the demand for Inward Assistance has declined at a rate of about 17% per year for the last several years. On average, AT&T has experienced an 86.7% decline in the volume of its inward service over the last five years. It is evident that customers have taken advantage of more modern technologies and/or services to communicate such as text messaging, instant messaging, social media, mobile calling,

---

<sup>1</sup> Pursuant to Commission precedent, Commission approval under Section 214(a) is not required for the discontinuance of Inward Assistance because AT&T only provides this service on a wholesale basis, and is not discontinuing a service to end users. Further, it is not evident that AT&T's discontinuance will require it wholesale customers to discontinue service to its end users. *See, e.g.,* Memorandum Opinion and Order, *Lincoln Cty. Tel. Sys., Inc.*, 81 F.C.C.2d 328, ¶¶ 11-12 (1980); Memorandum Opinion and Order, *Western Union Tel. Co.*, 74 F.C.C.2d 293, ¶¶ 6-7 & n.4 (1979). Nevertheless, AT&T files this application out of an abundance of caution, and to avoid delay with implementing the tariff modifications associated with this service withdrawal. In any event, AT&T has given its wholesale customers ample time to file 214 applications to seek approval of any service that may be related to AT&T's service withdrawal.

voicemail and email. Accordingly, there is little need for operator services generally, and carrier's operators have less of a need to contact an AT&T operator for inward assistance.

**Brief Description of the Dates and Methods of Notice to All Affected Customers (47**

**C.F.R. § 63.71(b)(3)):**

AT&T mailed its customer notification letters on October 6, 2017, and published discontinuance notices on AT&T's wholesale Accessible Letter website on September 27, 2017.<sup>2</sup>

Copies of this Application are being sent first class U.S. Mail to the public utilities commissions and governors of the affected states, and to the Special Assistant for Telecommunications to the Secretary of Defense, as required by 63.71(a) of the Commission's rules.

**Regulatory Classification of Carrier (47 C.F.R. § 63.71(b)(4)):**

AT&T provides this service pursuant to dominant and non-dominant carrier regulation based on the regulatory status of the affiliate in the affected service area, but consents to the approval timeline associated with dominant carriers for ease of processing this application.

Questions about this application may be addressed to Debra Clemens, AT&T Services, Inc., Director – Federal Regulatory, 1120 20<sup>th</sup> Street, NW, Suite 1000, Washington, D.C. 20036, (202) 457-3066.

**Conclusion:**

The public convenience and necessity will not be adversely affected by the discontinuance of this service because there is very low market demand for this service.

**Re: Notice Regarding Termination of Inward Services Provided by AT&T**

The purpose of this notice is to advise you that pending state and regulatory approval, where applicable, on or after April 2, 2018, AT&T will discontinue Inward Service throughout its geographic service areas in the lower 48 states, Hawaii, and the District of Columbia. AT&T's Inward Service is a terminating service option for subscribing carriers which provides for Operator to Operator assistance for a general inquiry. Inward Service will be discontinued for all AT&T customers, including Retail and Resale CLEC customers, Incumbent Local Exchange Carrier (ILEC) customers, and Access, Cellular, and Interconnection customers.

Sent Paid call handling, emergency call handling, and rates, terms and conditions will continue to be provided, where available. In addition, General Assistance will continue to be available for local and intra-LATA dialing assistance for your end users requesting information on how to place calls.

AT&T is providing this Letter to give its wholesale customers 180-day notice of its planned discontinuance of its Inward service. This should give wholesale customers ample time to identify and implement any legal and/or regulatory requirements, including but not limited to those under Section 214 of the Act, for FCC notification requirements for the modification or discontinuance of products and/or services to ILEC end users, State notification requirements, etc., as appropriate.

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 30 days after the Commission releases public notice of the proposed discontinuance. You may file them electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of AT&T Corp., Southwestern Bell Telephone Company d/b/a AT&T Arkansas, AT&T Kansas, AT&T Missouri, AT&T Oklahoma, and AT&T Texas; Pacific Bell Telephone Company, d/b/a AT&T California; Nevada Bell Telephone Company d/b/a AT&T Nevada; Illinois Bell Telephone Company d/b/a AT&T Illinois; Indiana Bell Telephone Company d/b/a AT&T Indiana; Michigan Bell Telephone Company d/b/a AT&T Michigan; The Ohio Bell Telephone Company d/b/a AT&T Ohio; Wisconsin Bell, Inc. d/b/a AT&T Wisconsin; BellSouth Telecommunications, LLC d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, AT&T Tennessee, AT&T Communications of Indiana, LLC, AT&T Communications of New York, Inc., AT&T Communications of Texas, LLC, AT&T Communications of Virginia, Teleport Communications of America, LLC, and Teleport Communications Group. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.
