Metolius Meadows Property Owners Association

OREGON PUBLIC UTILITY COMMISSION PO BOX 2148 SALEM OR 97308-2148

The Annual Results of Operations Report, required by the Public Utility Commission (PUC or Commission) under the authority of the Oregon Revised Statutes (ORS) 757.125 and 757.135, is based on the utility's operations for a calendar or fiscal year and is a convenient method for the Commission's staff to monitor the utility's results of operations. It must be filed electronically with the PUC on or before April 1<sup>st</sup> of the year following that for which the report is made. Attach the completed report and any supplementary pages to an email addressed to the following address: puc.filingcenter@state.or.us.

• Interpret all accounting words and phrases in accordance with the USOA.

• Special or unusual entries and all discrepancies should be fully explained. If necessary, describe fully any unusual entries and discrepancies in a narrative explanation in the tab titled "Notes."

• If the utility has filed, or intends to file, a separate rate schedule in its tariff for non-contiguous portions of its water system, separate accounting for Operating Revenues, Operating Expense, Plant Investments, and related Reserve for Depreciation must be maintained by the utility for each portion of the water system relating to each separate rate schedule. This annual report, however, should include the combined financial data for the utility.

• Each incorporated utility is requested to file with this report a copy of its most recent annual report to stockholders, if one is prepared.

• All schedules that call for the balance at the beginning of the year should reflect the same end of year balance **exactly** as shown in the prior year's annual report. Any adjustments to the ending balances shown in the report for the previous year should be reflected in the current year's activity and reported along with an explanation in the annual report.

## Notes and explanations:

Metolius Meadows Property Owners Association (MMPOA), a domestic nonprofit corporation (mutual benefit with members) organized in 1980, is the homeowners association for the community of homes and landowners in the Metolius Meadows development in Camp Sherman, Oregon. The present report covers the year ending December 31, 2017.

MMPOA operates a water utility for the benefit of its 141 lot owners. It also provides water service to 12 neighboring property owners outside of the community. The water utility operates two wells and 157 water meters - 141 meters for lot owner members (including 22 vacant lots with no water charges), 4 meters for common use association facilities (which are not charged for water service), and 12 meters for neighboring lots serviced by the association. The 133 accounts that were charged for water in the 2017 fiscal year paid annual membership dues of \$304.80, a base rate of up to \$46.80 for the first 5,000 cubic feet of usage, and a variable rate of \$1.526/100 cf for additional usage. Meters are read once per year on or about June 30, and invoicing also takes place once a year on or about July 31, with occasional mid-year invoicing if a property is transferred. Water revenues in the 2017 fiscal year are therefore largely based upon consumption in the July 1, 2016 to June 30, 2017 period.

As a homeowners association, MMPOA performs several other activities, including maintenance of common areas, operation of recreational facilities, and other owner services. Based upon the financial reporting structure of the organization, the income statement information refects the financial results of the water utility operated by Metolius Meadows Property Owners Association only. The balance sheet information reflects the total financial position of MMPOA, including all its operations. MMPOA files its annual tax return on form 1120-H.
