Re: **Docket No. UM 1357**-In the Matter of the Second Amended and Restated
Intervenor Funding Agreement-Addendum

Dear Ms. Davis:

Enclosed please find the original and one (1) copy of the signed Addendum to the Second Amended and Restated Intervenor Funding Agreement ("Addendum") and attached Exhibits A, B, and C, on behalf of all parties ("Parties") to the Second Amended and Restated Intervenor Funding Agreement ("Agreement") in the above-referenced docket.

The Agreement was approved by the Commission in Order No. 12-452 (November 20, 2012). The Parties to the Agreement inadvertently did not include Exhibits A, B and C to the Agreement, when the Agreement was filed for approval with the Commission. The Parties have executed the Addendum to agree upon the exhibits to the Agreement. The Parties respectfully request that the Commission approve the Addendum and attached exhibits for incorporation into the Agreement.

Thank you for your assistance.

Sincerely,

Karen A. Zolka

EXHIBIT A

Example 1:

- a. In June 2013, ICNU submits a proposed budget for a PGE Issue Fund Grant in the amount of \$25,000 for participation in UE zzz. The OPUC approves ICNU's budget of \$25,000, subject to the required 20% match for an Issue Fund Grant.
- b. In February 2014, ICNU submits a request for payment of the \$25,000 PGE Issue Fund Grant for UE zzz, with documentation of 20% matching funds. The OPUC authorizes the payment.
- c. In September 2014, ICNU submits a request for payment of \$30,000 from the 2014 PGE Preauthorized Matching Fund Grant for various Eligible Proceedings, with documentation of 50% matching funds. The OPUC authorizes the payment.
- d. At the end of 2014, the PGE Preauthorized Matching Fund has an unused balance of \$36,125 (the \$66,125 beginning balance minus the \$30,000 approved request for payment.) From January 1, 2015 until April 1, on any charts or summaries the OPUC shows the \$36,125 year-end balance in the 2014 PGE Matching Fund and also shows the "new" \$66,125 that became available for 2015 in the PGE Matching Fund, per Sec. 4.3(a).
- e. In March 2015, ICNU submits a request for payment of a PGE Preauthorized Matching Fund Grant for 2014 for Eligible Expenses totaling the remaining \$36,125, with documentation of 50% matching funds. The OPUC authorizes the payment.

Result: ICNU depleted its PGE Preauthorized Matching Fund for 2014 so its Issue Fund request has no impact on Matching Funds under Sec. 4.3(b). After April 1, 2015, the OPUC updates its chart for the PGE Matching Fund showing:

Total Funds Used For 2014:	\$66,125.
Rollover from 2014 to 2015:	0.
New Funds for 2015:	\$66,125.
Total Available Balance:	\$66,125.

Example 2, same as Example 1 except:

- a. In March 2015, ICNU submits a request for payment of a Preauthorized Matching Fund Grant from the 2014 PGE Account totaling only \$20,625. The OPUC authorizes payment.

Result: The PGE Matching Fund Account would have had a Rollover of \$15,500 (\$66,125 beginning balance, minus the \$30,000 and \$20,625 approved requests for payment, leaving \$15,500 unused for 2014.) However, since ICNU requested payment of its Issue Fund Grant instead of using up its PGE Preauthorized Matching Fund for 2014, per Sec. 4.3(b), the amount paid under the Issue Fund is deducted from the Rollover (which cannot be less than zero.) After April 1, 2015, the OPUC updates its chart for the PGE Matching Fund showing:

Total Funds Used for 2014:	\$50,625.
Deduction per Sec. 4.3(b):	\$15,500.
Rollover from 2014 to 2015:	\$0.
New Funds for 2015:	\$66,125.
Total Available Balance:	\$66,125.

Example 3, same as Example 2 except:

- a. ICNU did not submit any request for payment of an Issue Fund Grant from the PGE Issue Fund in 2014. (The UE zzz request was submitted in 2013.) Result for 2014: There was no request for payment of a PGE Issue Fund Grant in 2014, so there is no impact on Preauthorized Matching Funds in 2014 under Sec. 4.3(b). (The impact of the request for payment for the UE zzz Issue Fund was computed for the year the request for payment was made, in 2013.) The PGE Preauthorized Matching Fund Account has a Rollover of \$15,500 going into 2015. After April 1, 2015, the OPUC updates its chart for the PGE Matching Fund showing:

Total Funds Used for 2014:	\$50,625.
Rollover from 2014 to 2015:	\$15,500.
New Funds for 2015:	\$66,125.
Total Available Balance:	\$81,625.

Example 4, same as Example 1 except:

- a. At the end of 2014, the PGE Preauthorized Matching Fund has an unused balance of \$56,125 (\$20,000 that was rolled over from 2013, plus the \$66,125 annual amount for 2014, minus the \$30,000 approved request for payment).

Result: ICNU has reduced its PGE Preauthorized Matching Fund for 2014 to \$20,000 (after the March request for payment of \$36,125 from PGE's Preauthorized Matching Fund) which but for the operation of Sec. 4.3(b) would have been available for Rollover. However, because ICNU requested payment from the Issue Fund instead of exhausting the PGE Preauthorized Matching Fund, the amount paid under the Issue Fund is deducted from the amount that otherwise would have rolled over (without the Rollover amount being reduced to less than zero).

Total Funds Used for 2014:	\$66,125.
Deduction per Sec. 4.3(b):	\$20,000.
Rollover from 2014 to 2015:	\$0.
New Funds for 2015:	\$66,125.
Total Available Balance:	\$66,125.
