Oregon Public Utility Commission,

This amendment signifies that SolarCity is requesting a waiver for rule OAR 860-084-0000 under docket UM 1538 for this project. This rule states that a capacity reservation expires if a completed interconnection application is not filed within two months of the reservation date or if the system has not been installed within twelve months of the reservation start date, unless a waiver is granted.

Thank you,

A handwritten signature in black ink that reads "Melissa Porch". The signature is written in a cursive, flowing style.
