INTEROFFICE CORRESPONDENCE**

FROM: Jim Stanage 

SUBJECT: Asotin Telephone Company, Advice No. 124
Changes text in the Directory Listings tariff in order to standardize with other TDS Telecom companies, deletes Foreign Directory Listings (no customers), and combines Additional and Alternate Listings under "Additional Listings."

I have reviewed this filing and recommend that an acknowledgement letter be sent. The filing went into effect on February 16, 2017, and was filed on February 15, 2017. The company proposes to make changes to the text in the Directory Listings tariff in order to standardize with other TDS Telecom companies, deletes Foreign Directory Listings, and combines Additional and Alternate Listings under "Additional Listings."

The text changes do not alter any current conditions of service, rates, nor cause the withdrawal of any service. The combining of Additional and Alternate Listings under "Additional Listings" leaves the rates and conditions of service unchanged for Alternate Listings.

Foreign Directory Listings service currently has no customers subscribing to it. Oregon Administrative Rule (OAR) 860-032-0020 (8) permits a telecommunications utility to abandon a regulated service for which there are no current customers by filing a tariff change which deletes the regulated service. The filing must clearly and explicitly disclose which regulated service the utility proposes to abandon.

The filing complies with Oregon Revised Statutes (ORS) 759.175, which requires telecommunications utilities to submit tariff filings to the Commission whenever a telecommunications utility intends to change its rates, terms, or conditions of service. Under ORS 759.040, the company can make tariff filings effective upon notice to the Commission.

I find that this filing meets the requirements of the Commission's rules and Oregon statutes.

This filing would have no effect on annual revenues.
