RULING

**DISPOSITION: MOTION GRANTED**

On December 20, 2016, Noble Americas Energy Solutions (Noble) filed a motion to substitute Calpine Energy Solutions, LLC (Calpine) for Noble in this matter and make the corresponding change to the service list.

In support of its motion, Noble states that on December 1, 2016 it sold its ownership interests to Calpine and that the transaction resulted in a name change of the entity. The Commission subsequently certified Calpine as an electricity service supplier in Order No. 16-479.

For good cause shown the motion is granted.

Dated this 23<sup>rd</sup> day of December, 2016, at Salem, Oregon.
